

## Lincoln's movie market offers several choices

### FILMS from 14

Arapahoe and 33rd and Leighton — which rent out laserdiscs, CD-ROM games, and most varieties of entertainment software. A membership isn't required here, but if you get one, there are benefits (cheaper prices, longer rental times, etc.).

Another corporate video-rental giant has made an appearance in Lincoln recently. Hollywood Video

has opened up two locations in Lincoln in less than a year. Are more on the way? Time will tell.

A little closer to UNL campus is Film Strip Video, 27th and W Streets and Super Duper Video on 13th and F Streets. If you're on East Campus, or live in northeast Lincoln, try the Video Stop at 55th and Holdrege or another Film Strip Video at Cotner and Holdrege.

Naturally, there are more locations available than what can be listed here, so consult your telephone book for a more comprehensive listing. Also, many grocery stores in the Lincoln area have video rental programs available. A current driver's license is usually all that is required to rent at any given location, though requirements do change from place to place. Best suggestion: call ahead.
