Beat writer Burroughs, 83, dies of heart attack

KANSAS CITY, Mo. (AP) — William S. Burroughs' unapologetic writing about hard drinking, heroin addiction and homosexuality inspired Beat Generation writers to question a postwar American society epitomized by "Leave It To Beaver."

The writer died Saturday at age 83, a day after suffering a heart attack.

His legacy includes the novel "Naked Lunch," a landmark literary work that traded standard narrative prose for a rambling, stream-of-consciousness approach many Beat writers borrowed.

Praised by some as a visionary genius and reviled by others as a depraved drug addict, Burroughs' life story reads like a painful modern tragedy.

The Harvard-educated writer (class of '36) became a junkie after moving to New York City and never settled down for decades, living in New Orleans, Mexico City, Paris, London, Africa and South America during a 15-year period when he did little writing.

In 1951, in a real-life replaying of the William Tell legend, he killed his common-law wife while trying to shoot a liquor glass set on her head. His namesake son, born in 1947, was an alcoholic and drug addict who died of cirrhosis of the liver in 1981.

The unconventional novel "Naked Lunch," first published in 1959, depicted, in graphic terms, an underground world fighting an increasingly self-destructive techno-

logical society. It became the subject of a precedent-setting obscenity trial because of its violence and explicit sexual passages. Publishers eventually won an appeal in Boston, and the book was published in the United States in 1962.

"Naked Lunch" prompted influential author Norman Mailer to say Burroughs was possibly the most talented writer in America.

Future Beat legends Allen Ginsberg and Jack Kerouac, who met the older writer in the 1940s, became literary followers. Kerouac adopted a similar stream-of-consciousness prose style and Ginsberg mirrored much of Burroughs' scathing social criticism in his poetry.

"He became an elder statesman for a lot of people," said Morris Dickstein, an English professor at City University of New York.

Burroughs died after leading a reclusive life in the University of Kansas town of Lawrence for about 15 years.

Burroughs moved to Kansas in 1981 at his secretary's urging after the writer had begun using drugs again. He went on to write more conventional works, including "Place of the Dead Roads" in 1984 and "The Western Lands" in 1987.

He also wrote screenplays and appeared in films including "Twister" and "Drugstore Cowboy," in which he played an aging, unrepentant drug addict.
