

Playboy calls Lincoln bar one of United States' best

lot cleaner than 10 years ago," Dee Wehnes said. "I think the relationship between customers and employees is strong. It makes people more comfortable."

The Wehneses believe that The Brass Rail's appearance in Playboy's latest issue is much deserved.

"I'm glad for the Mausbach brothers (owners)," said Dick Wehnes. "It might bring in people that haven't been here before."

Although management won't have the Playboy issue up for dis-

play, Mausbach said they will be ordering T-shirts from Playboy that say "Top 100 College Bar." The shirts will be available to customers in the next few weeks.

Mausbach said the recognition has been positive from people of both genders, and he expects no negative repercussions from publicity in a magazine that publishes photographs of nude women.

"Women and men are equally supportive," he said. "The girls that work at The Rail are equally as happy about being recognized by an international magazine. Everybody knows Playboy."

Cops, thieves, beauties worth renting this week

■ "McHale's Navy" can't float, but "The Saint" and a Disney classic provide plenty of entertainment.

Sorry about the lack of new video release news, but due to certain ... political affiliations, I needed to visit a country without extradition laws.

Anyway, recapping last week and this week (plus, of course, a classic pick-of-the-week):

■ "McHale's Navy" - Argh. And you thought "Down Periscope" was bad

Retired Naval commander Quinton McHale (Tom Arnold) must use all resources available to him to save his island from a devious evil

general (Tim Curry) in this weak comedy.

Dumb humor, dumb script, dumb idea. Just dumb, dumb, dumb. Better you spend time spit-shining an ash-tray than renting this piece of sludge.

■ "The Saint" - Val Kilmer as a charming rogue. Ooooooh, what a stretch.

Simon Templar (Val Kilmer) is a master thief and master of disguise, but soon finds himself over his head when he gets involved stealing secrets from an eccentric scientist (Elisabeth Shue) in the middle of a Russian revolution.

Some cool action and gadgets, plus some decent work from Kilmer, make the movie a very worthwhile rental. Kilmer's jumping from character to character is particularly interesting.

■ "Sleeping Beauty" - With digitally remastered sound and picture, the Disney classic is available once again.

Nothing has changed in the story: A beautiful princess slumbers her way into destiny, and the gallant prince must defeat the witch to save the princess's life.

It's available for both rental and sale, and it's a worthwhile addition to any collection.

■ PICK-OF-THE-WEEK - Don't know how this one popped into the ol' noggin', but action-and-attitude fans may enjoy the classic "Dirty Harry" for some great Clint Eastwood.

A little girl has been kidnapped, and Harry Callahan (Eastwood) is out to see that justice is done - legally or otherwise.

The film is dated, and Eastwood looks a wee bit younger, but the flick is very enjoyable.

Check it out.
