

MODELS WANTED

Hey, ladies.

Have you ever looked in the mirror and thought to yourself "Damn, I'm better-than-average in the looks department"? When spending an evening on the town, are you often subjected to the leering stares of testosterone-fueled hornballs who are merely looking for an emotionless romp of sexual abandon, and not a true relationship? Are you tired of working at a dead-end job while your radiant beauty fades into mediocre middle-aged features?

Well, now it's time for the payoff.

My name is Clint McCracken, and I am a professional photographer. I have taken thousands of pictures, which have been published in magazines and books throughout the South Lincoln area. My work has been called "bracing," "highly sensual" and "extra crispy."

But that's not important right now.

If you are a female who has ever considered herself worthy of modeling, I would like you to give me a call so I can help you further your ambitions. I won't take pictures of you, but I will take you out for dinner, a movie and perhaps a bit of dancing. I will shake your world to its very foundations. And all I need is for you to make the call. You won't regret it.

Send a picture and a letter telling me why I should take you out for the night of your life to:

Clint McCracken

the breathtaking new fragrance by Calbin Kwine

Just for the hell of it!
(Because it's not Peepsi)

CRACK IS FUN with CollegeBro Crack Co.

This summer you can get a fat pocket, a fly hoopty and a fresh new crib, all by spending just a few hours a day as one of CollegeBro's many campus representatives. Our campus reps have gone on to become some of the country's most notorious corner-men, pimps and professional athletes.

Even after paying "hush-money" to the cops and university administrators, buying a few "pieces" for protection and investing your initial "sack cash," you will be rolling in the benjamins. No kidding.

Many positions are still available for the coming summer months, including Enforcer, Trigger Man, Heroin Mule, Numbers Runner and Clocker.

Don't let summer pass you by again. Make some green, impress your friends and be one of our many success stories. Get on the crack.
