You Can't Stop The Bum Rush

\$9.88 CD

Based out of Toronto, LEN's first single "Steal My Sunshine" from *You Can't Stop The Bum Rush*, is also featured on the *Go* soundtrack. "It's so all about space bongos, a 70's bubblegum piano hook, a nymphet vocal and giggly, pseudo-cryptic dialogue between 2 dudes who sound like David Arquette and the beeper guy from the 1-800 ad." - Details Magazine

C NOTE
Different Kind of Love

C Note is simply one of the hottest new vocal groups on the music scene, bringing a Latin flavor to their blend of pop, dance and R&B sounds. The bilingual foursome move easily from English to Spanish, from a cappella harmonies to alluring R&B sounds. Their sexually charged, polished, high-energy presence and passionate vocals give them the edge to distinguish themselves.

Like David Bowie, Elton John, and Paul McCartney, Bachman combines a reverential understanding of pop music history with an unabashed love for the powerful chord progression, the unforgettable hook and the affecting lyric.
