VINCE CONVERSE
One Step Ahead
\$12.88 CD

Texas has always been known for guitar-driven blues and rock. Now in true Texas tradition is 25 year old Vince Converse. A young singer/guitarist unabashedly sounding like a cross between Jimi Hendrix and the Vaughn brothers. Showing a depth and soul far beyond his years, he is destined to become one of the guitar "greats" of the future.

KATIES
Katies
\$11.88 CD

On the stage and on their self-titled debut album, the Katies rock with a blend of raw energy, pop craft and thunderous power. It's quite simple - the trio live, breathe, eat, think, and sleep rock. All they want to do is play, have some beers and then play some more. It is a mix of guitars that crunch, melodies and harmonies that get you singing before you know it and rhythms that are both tight and ragged.

VERTICAL HORIZON
Everything You Want
\$11.88 CD

Vertical Horizon makes their major label debut with *Everything You Want*, a heady mix of melodic songwriting, strong musicianship, and passionate performances. Songs like the opening, anthemic "We Are" are crammed with nuance and energy that take the band beyond its acoustic roots.

DIDO
No Angel
\$12.88 CD

Two years ago, classically trained musician Dido went on tour with and appear on the debut album by her brother Rollo's band, Faithless. Over 5 million albums later, Dido began writing and recording songs for her own debut album. "British songstress Dido - a cross between Sarah McLachlan and Sinéad O'Connor - is racing toward Pop stardom. And considering the beauty of *No Angel*, stardom is around the bend." - ELLE
