# Dance troupe to perform at UNO

With her free-flowing hair, bare feet and natural movements, Isadora Duncan created a sensation in early 20th century dance.

But Duncan also created a sensation as a social activist, struggling for women's rights and criticizing modern society, culture and education.

This fall, members of the The Moving Company, the University of Nebraska at Omaha's modern dance troupe, will celebrate Duncan.

Wednesday, the company will

perform two Duncan works from the 1920s, "Scherzo" and "Schubert Waltzes," on UNO's campus.

In "Scherzo," dancers wear flowing white garments and hair garlands. The movement is both celebratory and playful and features muses and children.

"Schubert Waltzes" is seven minutes of elegant, flowing, round movements featuring dancers in 1920s gowns of burnt-out velvet.

The company started rehearsing

the pieces in August when New York-based artist Carol Mezzacappa visited the UNO campus to restage them.

Wednesday's performance takes place at the UNO Art Gallery, located in the Weber Fine Arts Building at UNO. The event is part of the "Crossing the Threshold" exhibit, which honors women artists who were born in or before 1928.

For more information, contact The Moving Company's director, Josie Metal-Corbin, at (402) 554-3239.

# Costner strikes out in 'Game'

acters also attempt to color the film. Catcher Gus Sinski (John C. Reilly) and Tigers' owner, Gary Wheeler (Brian Cox), are the best illustrations of stock characters used to compensate for the lack of script and character development. Both are given few lines, yet expose their characters through generic and clichéd personas.

The clichés continue, which may be director Sam Raimi's intention. Perhaps he intended the film to be completely simple in hopes that audiences could relate to the simple characters without having to reach too far into any intellect.

In actuality, this intention undermines the audience's intelligence. Either way, it's a lose-lose situation that lacks the substance and strength present in Costner's "Bull Durham."

"For Love of the Game" does succeed in providing a look into an aging man's priorities and passions. Be warned that the film is not so much a "sports film," but rather an

attempted analysis of character. Costner, like his character, appears nostalgic when reflecting on a more successful past. Costner's

film career and Chapel's baseball success are poignantly paralleled in their realization of transition and age.
