**Body discovered near North Platte**

**NORTH PLATTE (AP)** — The Lincoln County Sheriff's office is treating the death of a 45-year-old man as a homicide. The man's body was discovered about 9:30 a.m. CDT Wednesday at a campground at Lake Maloney, just south of North Platte.

Chief Deputy Sheriff Jerry Wilson said the body was found several feet from the screen door of a rented 18-foot travel trailer by a neighbor.

Wilson estimated the time of death between 4:30 a.m. and 9 a.m. Wednesday.

The body was taken to Omaha for an autopsy.

Lincoln County Attorney Jeff Meyer said he expects preliminary autopsy findings Friday.

Wilson said there was no apparent reason for the man's death leading investigators to treat it as a crime.

Police did not find a weapon at the scene.

Authorities moved the trailer to a secure area for a thorough search and interviewed other campers Wednesday.

Wilson declined to release the victim's name pending notification of relatives.

be Nebraska's cut of the \$15 billion package of cash payments and insurance subsidies the president signed Tuesday.

The bill includes more than \$8 billion to expand and cut the cost of federal crop insurance, \$5.5 billion for payments to grain and cotton growers this fall and \$1.6 billion for other farmers and lawmakers' special projects.

State Ag Director Merlyn Carlson said the bailout total is nearly double the last package and for good reason.

He said prices remain about the same as they were last year, costs are up and drought conditions compound farmer problems. He said this could be a tougher year than 1999.

U.S. Ag Secretary Dan Glickman said the bailout "was a clear admission" the 1996 farm law failed to provide an effective safety net for American farmers.

Carlson said the aid could at least buy some time for financially troubled farmers.

**Former liquor commissioner contesting DUI arrest**

**HASTINGS (AP)** — The former chairman of the Nebraska Liquor Control Commission is contesting the events that led to his arrest for drunken driving.

Jack Crowley, 61, of Hastings, is charged with driving under the influence of alcohol and no operators license after he was stopped for speeding May 25, 1999. He pleaded innocent June 10, 1999. He resigned from the commission June 30, 1999.

His attorney claimed during a hearing Tuesday the speed limit is not posted along the stretch of

road in Hastings where Crowley was arrested, so there was not probable cause to stop him.

The arresting officer countered Crowley's vehicle was clocked by radar going 14 miles per hour over the 25 mph limit.

Since he says the traffic stop was not warranted, Crowley's attorney is trying to suppress information from events following the stop, including results from a blood-alcohol test and testimony from police about attempts by Crowley to administer field sobriety tests.

After more than three hours of testimony on Tuesday, Adams County Judge Robert Ide continued the hearing until Aug. 25.

**Federal funds allocated for police cruiser cameras**

**LINCOLN (AP)** — A federal grant of nearly \$118,000 will purchase 69 more in-car video camera systems for Nebraska law enforcement agencies.

Gov. Mike Johanns, who announced the federal highway safety grant Wednesday, said the Nebraska State Patrol would receive 32 of the cameras and Bellevue Police Department would get 24.

The Dawson County sheriff's office would get three cameras, Sherman County sheriff two, and one each for Arnold, Papillion, Plattsmouth and Kearney police, and for sheriff's departments in Custer, Dixon, Polk and Wayne counties.

State Highway Safety Administrator Fred Zwonechek said the purchases will bring to 588 the total in-car camera systems awarded the past four years.

**Ag bailout bill may net Nebraska \$400 million**

**LINCOLN (AP)** — President Clinton's signing of a third big bailout of the agricultural economy in as many years could be sending as much as \$400 million to Nebraska.

State officials said that could
