Prof. Hampsen took the class in Machine Designing to Havlock last week to visit the Burlington shops. Many valuable pointers were obtained by our embryo mechanics.

The Junior Promenade promises to be very successful. Only about thirty tickets are left. These will probably be sold in a day or two. Those desiring them are advised to purchase at once, as the committee say that the number is absolutely limited to 150. Mr. Mallalieu's name was omitted from the list of the committee published last week.

The Union Boys Debating Club is to be again annihilated (!) by the "sesquipedalian verbiage" of the Maxwell orators on February 24, 1894. Question: "Resolved, that the principles and policies of the A. P. A. are inexpedient." As usual, the Maxwells have assumed the burden of proof. They declare they are after scalps, and the evident epitaph of the vanquished U. B. D. C. will be: "Asphyxiated by forensic effervescence."
