THAT FOOTBALL GAME.

He was from Lawrence
And had a big bawl—
Rock-Chock-jay-Hawk-K-U.
He was from Columbia
And had a big bawl—
Tiger-Tiger-M-S-U.
And they met in the park
Very late in the fall,
K-U—M-S-U.
Where they struggled till dark,
Each kicking his ball,
K-U—M-S-U.
While four thousand people,
Each with a big bawl,
K-U—M-S-U.
Sat out in the wind
Not caring at all,
K-U—M-S-U.
And the ball on the ground
And the bawl in the air,
K-U—M-S-U.
Made all of the sport
That the people had there,
K-U—M-S-U.
For each time that the ball
On the ground was forced through,
K-U—M-S-U.
The ball in the air
Accordingly flew,
K-U—M-S-U.
And when at last
The game was done,
K-U—M-S-U.
They looked for the bawls,
There was only one,
Tiger-Tiger-M-S-U. —*Ex.*

She had asked me
Would I help her
With her Latin,
'Twas so hard!
Would I help her
Mean irregular
Old Word,

Kept forgetting
The subjective
All the while!

Near, so tempting,
To beguile:
Thought I'd teach her
By example,

I should smile!

GREAT ROCK ISLAND ROUTE

TO THE EAST.
BEST DINING CAR SERVICE IN THE WORLD
1852 - 1892.

As long a time as David reigned, so long has the Chicago, Rock Island & Pacific railway run trains westward from Chicago.
The Rock Island is foremost in adopting any advantage calculated to improve speed and give that luxury, safety and comfort that popular patronage demands. Its equipment is thoroughly complete with vestibuled trains, magnificent dining cars, sleepers and chair-coaches, all the most elegant and of recently improved patterns.
Faithful and capable management and polite honest service from employees are important items. They are a double duty—to the Company and to travelers—and it is sometimes task difficult of accomplishment. Passengers on this line will find little cause for complaint on that ground.
The importance of this line can be better understood if a short lesson in geography be now recited.

What is the great eastern terminal of the Rock Island route?—Chicago. What other sub-eastern terminal has it?—Peoria. To what important points does it run trains to the northwest?—St. Paul and Minneapolis, Minnesota and Watertown and Sioux Falls, Dakota. To what important Iowa and Nebraska points?—Des Moines, Davenport, Iowa; Omaha and Lincoln, Nebraska. Does it touch other Missouri river points?—Yes; St. Joseph, Atchison, Leavenworth and Kansas City. Does it run trains to the foothills of the Rocky mountains?—Yes; to Denver, Colorado Springs and Pueblo, solid vestibuled from Chicago. Can important cities of Kansas be reached by the Rock Island route?—Yes; its capital city, Topeka, and a full hundred others in all directions in the state and it is the only road running to and into the new lands opened for settlement in the Cheyenne and Arapahoe reservation.

It will thus be seen that a line tapping, as the Rock Island does, such a varied territory, has much in that regard to commend it to travelers, as all connections are sure on the Rock Island, and passengers can rely on a speedy journey, as over a bulk of the system through trains are run, and it has become, and rightly too, the popular line.
A very popular train on the Chicago, Rock Island & Pacific railway leaves Denver, Pueblo and Colorado Springs daily. It is called "The World's Fair Special," is only one day out, and passengers arrive at Chicago early the second morning.
The Rock Island has become a popular Colorado line, and the train above referred to is vestibuled, and carries the Rock Island's excellent dining car service.

LINCOLN NORMAL UNIVERSITY
AN ADVANCED NORMAL SCHOOL
(Incorporated. Investment \$155,000.)

A WORD TO STATE UNIVERSITY STUDENTS.
THE COLLEGE COURSE.—While we have a strong four years' College Course, a fact not generally understood, yet we cannot expect graduates and undergraduates from the State and other institutions to give us their support in this department to the exclusion of their own institutions. But we are ambitious to win your good opinion for those particular departments found with us and not found in the college or university of your choice. You will want many of your friends in the future to attend your college and complete a course, but either because they cannot or will not take a college course you fail. On the other hand, they may be determined to take special work in some institution. Right here we are ambitious to convince you that the Lincoln Normal University can take these young people and do better by them than any other institution in Nebraska. WHY?

Because, We have from from 2 to 3 times as much money invested.
Because, Our equipments are superior.
Because, Our courses of study in each department are much stronger.
Because, We do not allow our students to get false notions of an education by reason of completing these shorter courses.

COURSES TO CHOOSE FROM.
The Teachers' or Professional Course—It takes as long with us to get the diploma from this course as it does at any other private normal to get their teachers' diploma and the so-called B. S. and B. A. degrees all combined. You will see at once that our teachers are not skipped and skimmed through a short, pedagogical course.
The Conservatory of Music—In this department we give a most complete musical education. Director Oldham is a leader in his profession.
The Commercial Course—Students entering this course find that it is not equalled in Nebraska. The ability of the instructors, the course of study and the equipments all lead.
Shorthand and Typewriting—We can repeat here what is said for the work above.
Kindergarten—No, we cannot turn out a kindergartener in a term or two. But if the students complete the course they are strong—strong in practice, strong in philosophy.
Pen Art and Fine Art—We are peculiarly fortunate in this work. We have an artist at its head.

Students can enter these courses at any time. Will you call at the institution and investigate the above statements? Having satisfied yourself you would be better able to advise your friends. Address,
J. F. SAYLOR, President, Normal, Nebraska.
HILL M. BELL, Vice-Pres. JOHN CARR, Treas. W. C. MENTZER, Sec.
