THE NEBRASKAN

VOL. III. No. 23.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, APRIL 19, 1895.

PRICE FIVE CENTS.

EVERYTHING WE ASKED

GUARANTEE OF EXPENSES TO KANSAS CITY MEET.

The Letter Received From Neal S. Doran—Allows us to Send Twenty Men—The Committee will Act.

As to the proposed Inter-state meet to be held at Kansas City, the following letter which has been received by Fred Barnes, will give all the information now in the hands of the committee which was appointed to take charge of the matter.

MR. F. E. BARNES,

LINCOLN, NEB.

DEAR SIR:—Since my last letter we have outlined with A. J. Foster, of Kansas University, the following probable list of events during the proposed "Meet" at Fairmount Park, May 24th and 25th.

FRIDAY, MAY 24TH.

- 100 yard dash.
- 220 yard dash.
- 440 yard dash.
- Running long jump.
- Standing high jump.
- Running high jump.
- Standing broad jump.
- One half-mile bicycle race.
- One mile bicycle race.
- Base-ball game.

SATURDAY, MAY 25TH.

- One mile run.
- 16 pound hammer.
- 16 pound shot.
- Pole vault.
- One quarter-mile bicycle race.
- Two mile bicycle race.
- Base-ball game.

These of course are subject to change, but will probably be the events most suited to such a "meet" and was outlined chiefly to enable the various universities to get into practice so as to be ready for the "Meet". We would suggest that the list of members of your ball team and athletic team should be mailed to us at least a week prior to the date of the "Meet" and that the same should be approved by your Chancellor as a guarantee of members being enrolled students, this will be required of each university. The number of contestants of each university will be limited to twenty, including captain and manager. We will pay all expense of railroad fares and hotel bills, teams to board at the club house in the park, meals to be furnished at the Park Cafe, and to be paid by us. We will furnish all starters, umpires, referees, and time-keepers. This is I think a full and concise statement of our position in the matter and I trust you will let us know shortly as to whether the proposition will be accepted, and if we can depend upon your taking part in the "Meet."

We must know something defi-

nite before long in order that we may properly advertise and get the thing before the public. We have no doubt that a very good and successful entertainment can be arranged, and that all connected will be perfectly satisfied with the arrangements.

Trusting to hear from you at an early date, we beg to remain,

Yours truly,

NEAL S. DORAN.

The Black Art, Blacked.

Last Friday evening occurred the Palladian boy's annual program. Great preparations were made and no one was disappointed. The first part of the program was taken up with orations, papers, and music. The boys are certainly to be congratulated on the number of musicians and speakers they have. Then followed the principal feature of the evening "The Black Art Blacked," a farce comedy on the minstrel show order. It was well carried out and afforded a great deal of amusement for the audience.

Another interesting event in connection with the program was the fact that the girls "rushed the slate." They did it in the most approved style, as the boys will all testify. Invitations were written in French and replies received in Norwegian. Some went in short-hand and came back long-hand. At any rate all the boys arrived safely and on time.

When the society had adjourned the young ladies had a very pleasant surprise in store for their victims. They proceeded at once to Prof. Jay Barrett's sanctum in the new library building where a delicious feast awaited them. After carousing to their heart's content, the party broke up with three cheers for the Uni, three for the Pall girls, and three for Prof. Barrett. The evening will long be remembered in Palladian circles as a most enjoyable one.

Letter of Thanks.

SPRINGFIELD, MASS., Mar. 23.
To the Chancellor, Professors, and Y. M. C. A. Students of the University of Nebraska:

DEAR FRIENDS: I have just received, through Dr. R. A. Clark, in the form of a check for \$30, the very kind and practical expressions of your interest in our association training school.

It will give us much pleasure to decorate the door of one of the rooms with the name "University of Nebraska," as a permanent testimonial of the interest which you have thus manifested, and I trust that from time to time students from the university upon whose heart the work of the Y. M. C. A., in one or another of its departments has been laid, may make his way to this institution, and find himself all the more at

home among us because the name of his room and its furnishings will be a constant reminder of your Christian love and helpfulness.

Before breaking ground for this greatly needed building the trustees of the school decided that we ought to have, either in hand, or in good subscriptions, payable before September next, the sum of \$15,000, and you will rejoice with us in hearing that at our trustees' meeting last Wednesday, the 20th inst., I was permitted to announce to them that the sum of \$16,016 had been raised in this form. Ground, therefore, will be broken with as little delay as possible—certainly within the next two weeks.

Again thanking you one and all for your kindness, believe me,

Very sincerely yours,

OLIVER C. MORSE.

'95 Passes Resolutions.

The senior class of the State University met Thursday and passed the following resolutions respecting the resignation of Chancellor Canfield:

WHEREAS, Mr. James H. Canfield has declared his intention of severing his connection with the University of Nebraska, where he has so long and faithfully served as chancellor; therefore, be it

Resolved, That it is with profound regret that the class of '95 learns of the resignation of Mr. Canfield from this institution.

Resolved, That Chancellor Canfield has ever had the fullest respect and esteem of the class of '95.

Resolved, That we recognize his labors during the past four years as unceasing, untiring and unselfish efforts in the interests of Nebraska University.

Resolved, That in losing Mr. Canfield, the university loses a wise executive, an able supporter and a staunch friend.

Resolved, That Mr. Canfield, as an honorary member of the class of '95, has the sincere good wishes of that class for continued success in his future fields of labor.

Resolved, That a copy of these resolutions be presented to Chancellor Canfield, and that a copy be furnished the college and city papers for publication.

European Tours.

E. M. Jenkins & Co. have prepared a series of personally conducted tours to Palestine, Egypt, England, and the continent during the coming season.

For pamphlets, expense, etc., apply at Lincoln agency, 1201 O street.

The inspection of company "C" resulted in the reporting of four men. In company "D" there were five reported. This was the last inspection by the commandant.

CHANGES IN THE FACULTY

BOARD OF REGENTS MAKE SOME PROMOTIONS.

Departments of Electrical Engineering and Physics Divided—Prof. Owens Given the Chair—Other Changes.

At the meeting of the board of regents last week some changes and promotions were made in the faculty. The departments of electrical engineering and physics, which have up to this time been as one, with Prof. Brace at its head, was divided and made separate departments, giving Prof. Owens the chair over the electrical engineering. Prof. Stout, adjunct professor of civil engineering, was made associate professor. Prof. Wilson, associate professor of Latin language and literature, and Prof. Richards associate professor of manual training. Mr. Burnet was made adjunct professor of Germanic languages.

The department of pedagogy will be made separate from philosophy and a professor for that position is now being sought by the executive committee.

The salary of Judge Reese was raised so that he could devote his whole time to the law school, and he will now give up his practice. Prof. Edgren was rewarded by a "raise" and now receives a salary equal to that of any other heads of departments.

RECEIPTS.

Salad—Three pounds of liver-worst, a hard boiled egg chopped up and two cabbage leaves. Let stand for about a week.—H. G. Whitmore.

Delicious cake—Three cups sugar, eight eggs, one teaspoonful of milk, mix for an hour and then throw out in the back yard and make the cook do it for you.—Florence Farwell.

Lemon Pie—Thin roll of celluloid, one pint of ox tail soup, cover over with large quantity of soap suds—Ivory preferred.—Maud Shaw.

Messrs. Sherman and McNeal, two of the speakers who are to represent us in the Kansas-Nebraska debate this year, listened to the Kansas boys debate at Lawrence last Friday evening. The question discussed is the one agreed upon for the final contest. Our boys have now "stolen all their thunder" and have it in manuscript form.

During the past week a number of inquiries have come in to the department of botany in regard to the pestiferous weeds of the state. Not only the Russian thistle but other noxious weeds bother the farmers, and they send in for information as to how to get rid of these pests.
