DEBATES CLOSED UP.

The preliminary debates were completed on Thursday evening of last week. The attendance was some larger than on the Tuesday night before, but not nearly so large as it should have been. Quite a number of those who did attend were outsiders and not students in the university.

There were two questions debated during the evening. The first was on the subject: "Resolved, That congress should establish arbitration boards for the settlement of labor disputes." The speakers were A. C. Mayer, Clint Barr, B. Coleman and J. H. McGuffey.

The other question debated was: "Resolved, That the policy of the United States should be the extension of its territory." A. J. Weaver, R. S. Baker, H. P. Leavitt and O. W. Meier were the speakers.

The judges, Profs. Caldwell, Wolfe and Adams, then rendered their decision. They selected the following as the eight best out of the sixteen who had debated: A. J. Weaver, R. S. Baker, J. H. Lien, H. E. Newbranch, H. P. Leavitt, Clint Barr, H. W. Quantance and J. M. Rodgers.

These eight men will debate the question, "Resolved, That congress was not justified in extending the franchise to the negro after the abolition of slavery," in the college chapel, on Friday evening, December 10. An admission fee of ten cents will be charged. Whatever is received will go toward meeting the expense of the debate next spring.

The president of the debating association wishes The Nebraskan to urge every loyal student to do what he can to make these debates a success. Thus far but little interest has been shown. If the students do their duty, the chapel will be filled on the evening of December 6th, and those who are there will be repaid for their time.
