Beachly was elected president. A Bryan club was organized last Friday afternoon with a membership of about an equal amount. R. S. Baker was made president.

TENNIS ASSOCIATION MEETING.
Tennis is not being neglected in these days of muscular athletics. Every afternoon one sees the courts well filled and it is noticeable that many new students and promising players are coming out as well as the members of last year's club.

The regular meeting of the club was held Monday at 1:15 p. m. It was decided not only to hold a club tournament beginning October 12, but a committee was also appointed to arrange, if possible, to begin an inter-scholastic tournament to begin October 26. Fred Clements, Bert Christie and J. A. Saville were chosen and instructed "to push things" and see that a good tournament was arranged and carried out. Pancoast and J. E. Almy were appointed to audit Mr. Westerman's accounts as treasurer in order to relieve him of any extra work. The questions of assessments was not considered and it was settled by leaving them the same as for the previous semester. One dollar for initiation fee and seventy five cents for semester dues is the regular fee. It is understood that the initiation fee is good for four years from date of issue and at any future time any one who has paid his initiation fee becomes an active member upon payment of the semester dues, whether the intervening semester dues have been paid or not. From the treasurer's account, it is thought the funds raised by the assessment will very nearly if not quite clear the club of the debt incurred in fitting up the new grounds, and in addition, leave surplus enough to give the back-stops a surface coat of paint.

This completing the routine business the election of officers followed of which there is only an executive committee of three whose chairman becomes president of the club, and a secretary. The executive committee consisting of Fred Clements, J. A. Saville and J. E. Almy was elected. B. G. Almy was made secretary.

AT LAKE GENEVA.
The annual Y. M. C. A. summer school was held this summer at Lake Geneva, Wis., from June 19th, to June 29th. There were 400 in attendance and thirty-five of those were volunteers for foreign missions. Seventeen delegates were sent from Nebraska, as follows: State university, five Wesleyan, four; Doane, two; Hastings college, two; Lincoln normal, York college, and Bellevue college, each one.

The state college secretary was also in attendance.

D. M. Davis, S. J. Corey, S. W. Pinkerton, Chas. J. Allen, and J. H. Sayer represented the university Y. M. C. A.

The delegates left Lincoln June 18th, and arrived in Chicago the morning of the 19th. They left Chicago at 3 p. m. and arrived at Lake Geneva at 6 o'clock.

The first meeting was Friday evening. Regular classes began Saturday morning and lasted until Monday the 26th. Sunday was observed as "Quiet day". No notes were taken and it was a most impressive day.

The next six days were six of the busiest days ever spent by the delegates. Classes were held from 8, until 12:30 in the morning. The afternoon was devoted to study and recreation. Each delegate took about an hour's recreation in the boats or bathing, or in the gymnasium and tennis courts. The remainder of the afternoon was spent in study and in consultation with professors and other delegates.

At 7 o'clock in the evening, life work conferences were held at which were presented the several professions by men, after these, professions from all over the country. After this, state delegates in their respective tents held a short devotional meeting, and at 10:30 lights were put out.

Although there were ten very busy days the delegates were not deprived of having a good time. Much fun was enjoyed in the afternoons, and at the sparetimes. A tennis tournament was played, Geo. Lunn of Bellevue college, Nebr. winning second place in the singles. On last Saturday, a water tournament was held, Roy McPherrin of Wesleyan tied Cottrell of Michigan for individual championship. Nebraska won second place in the all around sports, Indiana getting first. Nebraska had the most popular yell on the grounds, and whenever a Nebraska boy was seen, he was greeted by a large number of 'Braskas. Even when the boys visited the stock-yards in Chicago, the sheep stuck out their heads and said, 'Bra-a-aska.

Orders were given Sunday night to break camp Monday morning at 5:30. Some mischievous Iowa boys rung the rising bell at 3:30, and all those who were not wise enough to look at their watches, found themselves ready for the steamer at 4 o'clock, and two hours to wait. The boys left camp at 6 o'clock and arrived at Chicago about 8 o'clock. Our boys spent the day at the Field museum and stock-yards. They left at 6 o'clock for home.

It is reported that Sayer ate as much as any two men there, but appearances do not seem to bear out this report.

All around it is reported the best conference ever held at Lake Geneva. Every delegate has hopes of going again.

The most remarkable feature of politics this year is the large number of new or hitherto obscure men that have been brought to the front. The old war-horses of both parties are made useful in reporting the doings of the newer or younger men. So numerous have the new Napoleons become that it is hard to keep track of those of them that are not fortunate enough to have a Hanna of their own who understands the value of a bureau of publicity.—New York Journal.
