 Right place, right board, right price at 1200 T street.
 O. H. Allen was initiated into Alpha Theta Chi last night.
 Leslie Martin was visiting friends at the university, Friday.
 Westerfield, the barber, Has done work for students for seventeen years.
 The best \$2.00 board in the city at 1200 T street. \$8.00 per calendar month.
 R. W. Emerson will have charge of Professor Card's classes while he absent.
 Professor Caldwell addressed the teachers' association in Bertrand last Saturday.
 Several young men under Professor Card are gathering seeds of native plants for the government.
 Have your tonsorial work done at Westerfield's. You will get the latest style of hair cut there.
 The glee club is practicing regularly. A concert is being arranged for, to be given about December 14.
 There will be a meeting of the senior class today at 2 o'clock. Important questions will be brought up.
 Prof. H. H. Nicholson will address the beet sugar convention which meets at Grand Island November 16.
 Professor Barber has had a box placed on the door of room 20, for the reception of Latin composition papers.
 Constanter the popular barber is located at 1022 O street. He employs the best artists of any shop in the city.
 Any article that will add comfort to the Y. W. C. A. rooms will be thankfully received. A clock is especially needed.
 Miss Isora Wells, a former student of the university has been visiting Miss Maude Atkinson the past week.
 Miss Mary L. Jones, the librarian, lectured at the state normal at Peru Wednesday evening on "The Use of Books."
 Fraternity men will find that Westerfield does the best kind of tonsorial work at his shop, 117 North Thirteenth street.
 A Y. M. C. A. reception will be given at the home of Mrs. F. M. Hall, corner of Eleventh and D streets, Saturday evening.
 L. H. Robbins is back from Princeton visiting old university friends. He returned to look after his business affairs in Lincoln.
 Professor Barbour is preparing a report for the Irrigation congress in Arizona on "Irrigation by Hand-made Wind Mills in Nebraska."
 There is much agitation going on among a certain class of the student body concerning opening the library during chapel time.
 Mr. Dell Keizer of the Topeka Capital, talked to the class in Journalism Thursday morning.
 The literary societies have not adjourned their meetings for the preliminary debates, and will therefore meet as usual this evening.
 Among the new books lately added to the library are Wilson's "Tales of the Border," and Taylor's "Cases in Constitutional Law."
 Jonas H. Lien who has been spending his time and energy for the free silver cause, returned to take up his work at the university Wednesday.
 Mr. Samuel Avery is expected to arrive from Germany the latter part of the week. He will at once take charge of several classes in chemistry.
 The University Bryan club is trying to make arrangements to have Mr. Bryan address its members and the students of the university, in the near future.
 The college settlement is in need of chairs, children's books, games and pictures. Any of these articles will be thankfully received by the board of directors.
 The physics class, which has been meeting most any where while Nebraska hall has been being repaired, met again in the physics lecture room last Monday.
 Roy Montgomery and George Hellyer of Nebraska City were initiated into Sigma Chi, last Thursday. This is the first initiation the "Sigs" have had this year.
 Mr. H. A. Senter, a graduate of the chemical department of the university has just passed with honor, the examination for the degree of doctor of philosophy at Heidelberg, Germany. Mr. Sen-

ter will remain abroad until June. He will visit several universities, and take some special courses. He will pay particular attention to sugar manufacture.
 J. P. Rowe, laboratory assistant in geology, has just made a trip to Greely and Wheeler counties to measure and examine the peat beds found all along Cedar creek.
 Professor Wolfe gave the first of his series of lectures on "Ethics," in the Universalist church last Sunday. The subject of his next paper will be "The Foundation of Morality."
 The Palladian Boys' debating club will debate the question, Saturday evening. "Resolved: That the United States should interfere and assist in securing Cuban independence."
 Bud Jones who played guard on the Varsity last year and elected captain at the end of the season, visited the university last Thursday, and watched the boys line up at practice.
 Professor Brace has received several requests from towns in the state to give lectures on the X rays. He expected to be able to comply with them soon, but as yet has made no definite program.
 Dr. C. E. Bessey has now the routine work of the year nearly completed and will again take up the work on his new book entitled, "Systematic Botany" which he hopes to finish this year.
 Dr. C. E. Bessey will prepare a paper for the next horticulture meeting which will be held at the university in January 1897. The subject will be "Forest trees and their Distribution in Nebraska."
 On account of lack of room, Professor Barbour is not able to illustrate his lectures with lantern slides. He has a very large number of these slides, which he has been collecting for the past ten years.
 Several specimens were received last week by the botanical department from Reverend Bates of Long Pine, Nebr. They were of special interest because of being the first of their kind ever found in Nebraska.
 The Co-Op. has secured some very neat university letter head paper this year with envelopes to match. The lettering is done with a dye, and shows up well. A large stock was laid in so as to supply all demands.
 A book on the flora of Palestine and Serbia has just been published by Dr. George L. Post, of Beyreuth. It is exceedingly interesting and valuable to botanists as it is the first work ever published on that subject.
 Do you know that headaches and many nervous affections are due to the eye strain, which can be cured by scientifically fitted glasses? Examination and consultation free. H. M. Betts, Richards b'k. Room 32. Hours 9 to 12 a. m. 1 to 5 p. m.
 New apparatus is being prepared for experimenting with the X rays. With the apparatus at hand at present, only photographs of the hands and feet can be taken. Professor Brace expects to be able to take the entire body as soon as his apparatus is completed.
 Professor Card left Monday for Washington, D. C., to attend the meeting held in the interest of the experimental stations. He expects to visit his old home in Pennsylvania before he returns. Chancellor MacLean and Professor Lyon are also attending the meeting.
 C. A. Fisher, assistant in geology, has a leave of absence for two months in order to assist Messrs. Darton and McFarland of the United States geological survey. These gentlemen have been detailed to make an exact study of the geology of a number of counties in Nebraska.
 Cards are out announcing the marriage of Miss Lillian Scofield of Wahoo to Mr. Harry Robertson of Beatrice which will occur at the bride's home in Wahoo November 18, at 8 p. m. Miss Scofield attended the university last year and made many warm friends who will wish her much happiness.
 The Morrill geological expedition has just received from Danville, Ill., in exchange for specimens, a large number of rare fossils. The peculiarity of this set is that it consists of beautiful shells of highly ornamented structures, which consist entirely of iron pyrite. They closely resemble gold or bronze.
 The Omaha club has appointed a committee to see that the senior class of the Omaha high school is brought down to go through the university. The club is doing much to get Omaha people interested in the university. Another meeting will be held on Friday at 1 p. m. All Omaha students are urged to be present.
 On last Monday at the conclusion of drill, the result of the game between the university and the Kansas City Medics was announced. The adjutant became so enthusiastic from thinking of the football victory and the supper awaiting him that he immediately started off in the

direction of the latter and almost forgot to dismiss the battalion.
 The last book of Ian MacLaren "Kate Carnegie", has just been published by Dood Mead and Co. The scene is laid—like that of the "Bonnie Brier Bush" and "Auld Lang Syne"—in Lrumtochy and a good many of our old acquaintances from these places come forward again in "Kate Carnegie." The book as well as all latest publications is to be had at Herpolsheimer and Co's book department, at about wholesale price. Also a full line of note books, fountain pens etc., etc.
 The following were elected members of the American Chemical society November 5: Active, Miss Mary Fossler; associate, Fred C. Cooley, Frank C. Culver, Benton Dale, George Heimrod, M. E. Hiltner, Helen F. Langer, Eva O'Sullivan, H. C. Parmelee and R. W. Thatcher. Apropos of this it may be said that Nebraska has the largest membership in this society of any state west of the Mississippi, and as large as many of the colleges of the eastern states. She now has twenty-five members, and is quite proud of her chemical record.
 Dr. E. O. Ulrich has just sent to the university the largest collection of Bryozoa which he has ever put up for any college. This set represents every form found in America, save one or two extremely rare forms. The whole set numbers about 250 specimens. In addition to these, there are ground slides of every specimen in the collection showing the microscopic structure of each. This puts at the disposal of the student the most complete set of Bryozoa that can be brought together in any university. It was only through the extra efforts of Professor Barbour that the university was able to obtain this valuable collection. It was prepared for Yale.
ATHLETIC BOARD MEETS.
 A postponed meeting of the athletic board met in the office of the physical director Wednesday evening at 8 o'clock. All were present except Professor Owens and Sidney White. After much discussion, the election of the manager of the base ball team was left for the next meeting. George Shedd was elected manager of the track team. This means that he is to be the manager of field-day affairs. E. A. Moore was elected assistant manager. Harrison Cury was selected as the delegate to the annual meeting of the officers of the interstate football league.
THE PERSHING RIFLES.
 The Pershing Rifles are now getting down to hard work and are showing up well under the command of Captain Schwarz. The company is now drilling by the metronome and is getting the cadence and manual down to a fine point. The battalion is benefitted by this extra drill as most of the battalion drill masters are members of the Rifles. At the last meeting of the Rifles, it was decided to organize a football team. Charles Schwarz was elected captain, and Ralph Saxon manager of the new team. It is especially desired to play a game with the Thurston Rifles team of Omaha.

Browning, King, & Co.

"BEST" AND "CHEAPEST"
 PLACE TO BUY CLOTHING,
 HATS AND FURNISHINGS.

No one in justice to himself can afford to ignore our special values in young men's Nobby Fall Suits. They are marvels of beauty, and are cut and made by our own experienced tailors. You get the same fit and make in our goods whether you pay \$5 or \$25 for your suit. Our experience of over fifty-six years of clothing manufacturing, wholesaling and retailing should be worth a great deal to you. Besides our great experience our business is conducted on the "honor bright" plan. Everything is marked in plain figures and you will find no "dark cabinet" work in our house.
 MEN'S SUITS, \$2.75, \$3.45, \$4.95, \$6.50,
 AND \$10.00, WHICH CANNOT BE DUPLICATED IN THE CITY FOR MANY DOLLARS MORE.
