A HISTORY OF THE COLLEGE SETTLEMENT.

By this time our students are fairly started in their work and may be able to give one moment to consider the work of the college settlement. The work here is a part of that carried on by colleges and universities in large cities. It is an attempt to bring the university, in its real significance, to those apparently beyond its reach. Its objects and results are twofold, hence the motto, "For Humanity and Our Students." "For humanity because there is so much suffering which we can alleviate. There is so much poverty, compared with which the poorest of us is rich. For our students because education means preparation for life's duties, and no man is educated in these days of political and social ferment and discontent who does not know the weakness of each class of society and sympathize with its needs." It is an indication of growth in the right direction that we have here a college settlement. The work began in the fall of 1895, originating with the Young Men's and Young Woman's Christian Associations. The faculty heartily encouraged this movement on the part of the students, chose Professors Hodgeman, Fling and Adams as representatives to co-operate with student workers and subscribed \$75, the amount necessary to carry on the work for the year. A house on the Salt bottoms was rented, in a neighborhood where foreigners, largely Germans, live. These people are poor, many of them ignorant and may be helped in many ways. At this house Mr. and Mrs. Fauquet, students of the University, make their home, thus, by living among the people, making ours a real college settlement. It now seems desirable that other stu-

TO THE ALUMNI:

Most of the Eastern schools depend largely upon their Alumni for their support in Athletics, and by that means are enabled to put stronger teams in the field than we can in the West. It is the purpose of the Association this year to make a strong appeal to the Alumni for help, so that Athletic may be placed upon a firmer footing. We have made the campus into an athletic field which compares favorably with any field in the East, but it has cost money, more even than we are able to pay. Bad weather for one or two of our important games last year left us a heavy deficit. Then our team must be properly equipped to compete with the strong teams of Kansas, Iowa and Missouri. In our extremity we turn to the Alumni. To those who must revere their Alma Mater. Will you help us out? A contribution from you will be duly acknowledged and the money put to the very best use. Your remittance can be sent to Dr. Ward, Dr Hastings, Physical Director, or to the manager of the team,
W. H. OURY, University of Nebr.

The Y. M. C. A. have set this week apart as a week of prayer. The meetings are held for fifteen minutes directly after the noon classes are out. The leaders are Mrs. F. M. Hall, Mrs. Manning, Mrs. Doctor Hinman, Mrs. Doctor Avery, Miss Rosa Bouton.

The Sophomores are going to give their annual hop at the Capitol, October 22. The whole floor is to be canvassed and no pains are being spent to make this the most brilliant affair of the season. Hagenow's orchestra will furnish the music.

At a meeting of the Pershing Rifles held Thursday evening, a committee was appointed with a view to purchase a gold medal to be drilled for by the individual members of the company. It was also decided to hold the annual Pershing Rifle hop the first Friday in December.

The Co-Op. has just received a new supply of Waterman fountain pens. The sale of these pens has been rapidly increasing during the past two years but this is the first time the stock had to be replenished before a month of college work had passed. This shows to some extent the growing popularity of Waterman pens among university students.

The Union boys' debating club met in Union hall Saturday, October 15. Question for debate: Resolved, "That the action of the corporation of Brown University in requesting the resignation of President Andrews was not justifiable." The leaders for the affirmative are Mr. McLain and Mr. Freaser. Those for the negative are Mr. Dassenbrack and Mr. Warren.

dents should be induced to live near the settlement house—this makes an increased demand for furniture and money, as rooms must be furnished. The first year's work was quietly done, but the foundation was laid for something permanent.

An interesting document was received by Chancellor MacLean last week in the shape of a petition to the Czar of Russia, asking for the release from Siberia of the students of Russian universities who have been exiled for political reasons. The petition was sent from the University of Turin in Italy and has been circulated in the colleges of both Europe and America. The language in which the document is worded does not conform to the rules of English grammar as regards spelling, punctuation, and capitalization, but in spite of this fact it is a strong appeal to students for aid if by nothing more than signing their name to this petition. The students of this University who desire to sign this will find a copy in the Co-Op. which is ready for signatures.

The document is printed in four different languages, English, German, French, and Italian, and may be seen on the Chancellor's bulletin board. The title of the petition is given thus: Subscriptions for the international petition of the students to the Czar of Russia."

Mr. Ernest Houghton, '95, was shaking hands with old friends Wednesday.

IOWA AND MISSOURI NOT TO PLAY
The following from the Vidette reporter of University of Iowa, explains itself:

In a letter to our management, Missouri refused to play the game proposed by us for Nov. 13th, unless we would forgive the debt she owes us in the matter of our expenses in the game of last year. It is needless to say that we would not consent to do this, so there seems to be no chance for a game between Iowa and Missouri this year.
