### SENIOR CLASS MEETING.

The seniors held their first class meeting of the second semester last Friday. The new officers present, consisting of O. H. Martin, president, a. George Burget, vice president, and Mabel Cushman, secretary, were installed by the retiring president, George Kindler. Mr. Kindler made a brief speech in welcoming the newly elected officers, which called forth much applause.

Mr. Burget reported that the affairs of the class book were progressing very favorably with the exception that the members of the class were not showing the proper interest.

Miss Green on class play reported that the work on the main play was well under way but the curtain raiser was as yet in an undeveloped condition.

On motion the president appointed committees on programs and invitations also to confer with the senior class to decide what recognition should be given them.

### CHASE AND WHEELER CONTEST.

The annual Chase and Wheeler oratorical contest of the Palladian society comes off in Palladian hall tonight. Owing to the fact that there were only two contestants it was thought best not to have it in the chapel as has been the case in past years.

Messrs. Tucker and Sams are the only members who could take part this year. Notwithstanding the fact that there are only two entries, a very interesting contest is anticipated. Suitable music has been provided by the committee in charge which together with the orations will complete the evening's entertainment.

The judges on manuscript are W. O. Jones, Prof. Hill and J. A. Barrett. Judges on delivery are T. F. A. Williams, J. W. Seanson and Prof. Wolfe.

### SPARKS FROM ELECTRICAL EXHIBIT.

Sid was too late for the lecture so he took up tickets at the armory, and not knowing Mr. Randolph you should have seen his face when he struck that gentleman for a ticket.

Did you see Jack? He was the biggest man in the line.

It only takes about three full-fledged electrical engineers to put in a fuse.

The electric sparks in the armory last Monday evening were dim as compared with the sparking done by Billgreen and Windy Hyde.

The following was overheard at the exhibit: "Do tell about the direct and indirect current use on the electric griddle."

### CHALLENGE FROM MINNESOTA.

Prof. Hastings is in receipt of a letter from the University of Minnesota challenging the track team of this university for a meet to take place in Lincoln or some city midway between the two universities. The matter will be laid before the Athletic Board, and it is very probable that the challenge will be accepted, with the recommendation that the track meet be held in Omaha during the exposition.

### Y. M. and Y. W. C. A. RECEPTION.

Tomorrow evening the Y. M. and Y. W. C. A. will give their midwinter reception to students and faculty. This is one of the few all-University gatherings and every student should make an effort to be present. The Phi Kappa Psi fraternity has kindly offered their house at 1030 G street for the occasion.

### JUNIOR PROM TONIGHT.

The junior promenade, the great event of the year in University circles, takes place tonight at the Lincoln hotel.

Everything possible has been done by the committee in charge to make the "prom" the great success it always is in the University. From the number of tickets sold it is certain that a large crowd will be in attendance which ensures the financial success of the enterprise. It was feared that the unusual number of University parties given this year at the Lincoln, would tend to slightly abate the interest in the junior prom., but that fear has been dispelled by the interest shown during the past week. All the fraternities have signified their intention of decorating some part of the hall with their insignia and colors, which with a plentiful profusion of scarlet and cream will relieve the monotony of bare walls and give a decidedly pretty effect to the scene.

Chancellor and Mrs. MacLean will lead the grand march, which starts promptly at 9 o'clock. The other patrons and patronesses are Lieutenant and Mrs. Stotsenberg, Regent and Mrs. Morrill, Prof. and Mrs. Richards and Mr. and Mrs. H. H. Wilson.

The committees in charge are Roy Shiek, chairman, Roy Sawyer, master of ceremonies; Misses Stewart, Shank, Woods, MacFarland and Harley; Messrs. Mumford, Boomer, Whedon, Kind, Brown, Shuff Brown and Fechet.

### GLEE CLUB CONCERT.

The University Glee and Banjo club gave its first home concert at the Oliver theatre last Friday evening. A fair sized audience was present to greet the boys. The boxes were occupied by several of the fraternities and literary societies, and were tastefully draped in the colors of those organizations.

That the program was appreciated is shown by the fact that every number with one exception was encored. The numbers by the glee club were interspersed with selections from the banjo club, each of which received a hearty receipt. The solos by Miss Treat and Miss Palmer and the cornet solos by Mr. Wehn were three of the most pleasing numbers of the evening, and each was forced to respond to an encore.

If any criticism were to be passed on the concert it would be that the glee club was not heard often enough and the variety of songs was not so great as last year. However, the concert was satisfactory as a whole, and Prof. Kimball has done well to get the boys trained for a concert so early in the season.

### CHAPEL TALKS.

Pres. Draper of the University of Illinois, the Charter Day orator, Brig. Gen. Bills and wife of Fairbury, and Regents Weston, Kenover and Von Forrell occupied seats on the platform at chapel Wednesday morning. The three members of the Board of Regents were introduced by the chancellor, the two former as Illinois men, that being Illinois' day, the last as a Nebraska product, and each spoke briefly and entertainingly. The chancellor then presented Pres. Draper to close the exercises, who spoke for some time very happily. In closing he said he had seen every department of the University, but the yelling department, and he would be glad to hear that if there was one. The students were pleased and very competent to satisfy him on that score.

### PERSHING RIFLES WIN.

The Pershing Rifles indoor baseball team turned the tables on the Athletic team and took revenge for previous defeats by winning out with the close score of 5 to 4.

The Pershings started out with a small lead, but the score was soon tied, 3 to 3, and remained so up to the eighth inning, when Lau knocked in two runs by a long hit. The game was intensely exciting from the first to last, and neither side could claim a victory until the last man was out. Both teams put up an excellent article of ball and the game deserved a better attendance than it received.
