C. B. Riggs, Dentist, 141 South 12th St., op. Keystone grocery.

Phi Kappa Psi entertained Clay Clement Saturday evening.

Dr. L. P. Davis, dentist, Walsh-Putnam block, corner Eleventh and O street.

Dr. E. J. Angie, practice limited to skin and urinary diseases, 1400 O st.

The junior law class has organized a base ball team with Ned Abbott as manager.

Call and see our new stock of electric fixtures. Korsmeyer Plumbing & Heating company, 215 South 11th st.

The annual girls gymnasium exhibition will be held May 6. All classes are hard at work preparing for it.

Claude M. Story sprained his ankle severely while practicing the hurdle jump in the armory Friday evening.

The Latin Colloquium omitted its regular meeting last Tuesday night. The next one will be Tuesday, April 11.

New line stamped University paper, Crane's bond in tablet form, 200 sheets for 15 cents, at University Book Store, basement.

L. W. Korsmeyer of the civil engineering department under the direction of Professor Stout, is making a series of tests of a native Nebraska cement.

Until further notice every Monday will be bargain day for flowers and Thursday special ribbon sale. Don't miss this opportunity. Mrs. Lake, 139 South 12th street.

While Professor Lawrence Fossler is in Europe he intends visiting the most celebrated universities, remaining long enough to study their most modern and successful methods of instructions.

"The University Association" of Chicago has just published in its monthly magazine, The Patriot, a character study of Henry Clay by Professor H. W. Caldwell of the University of Nebraska.

The April Kiote will appear this week. The Junior Annual, known as "The Sombrero," the Senior Class-Book, and the publication of the Senior law class known as the "Budgett" will appear during the month of April.

A new addition of six hundred specimens of the fish of the United States has been received from the United States Fish Commission. This makes the third or fourth consignment received from the government, without expense to the University.

Dr. H. B. Ward has just received a new volume on "The Microscopy of Drinking Water," by George Chandler Whipple, biologist and director of Mt. Prospect laboratory. Dr. Ward and Charles Fordyce are mentioned several times for work done in this line.

The festivities of the Phi Kappa Psi district convention begin Tuesday night with a smoker at the fraternity house. Wednesday night they give a collation at the Lincoln, and Thursday evening farewells will be said at a banquet dinner also at the Lincoln.

The prairie dog has become a decided nuisance in the western part of the state and the people in that section have asked the government to send experts to experiment in hopes of exterminating this animal. Virgil Barber will leave soon on this mission.

The senior promenade committee was appointed last week. It consists of J. L. Kind, chairman, Arthur Harmon, E. H. Clarke, H. D. Landis, E. A. McCreery, Frank Raines, Ellen Gere, Harriet Cooke, Nellie Randolph, Laura Bridge. April 21 is the date fixed for the event.

The debating association of Missouri University has consented to change the date for the annual joint debate with Nebraska from May 5 to May 12. A conflict in the first instance with the date determined upon for the intercollegiate oratorical contest made the change necessary.

Dr. Avery and Benton Dales have recently had published in the "Berichte der Deutschen Chemischen Gesellschaft" a short article upon "Die Fahlen Quellen bei der Elektrolitischen Bestimmung des Eisens." It is a condensed report of the work of Mr. Dales for his master's degree.

F. W. Taylor, superintendent of Farmers' Institutes, has been attending the annual meeting of the American association of farmers' institute managers, held in Rochester, N. Y. Mr. Taylor is secretary of this society and presented a paper upon the work of the association.

Chancellor MacLean was in Chicago a part of last week attending the annual meeting of the north central association of colleges. A meeting of the graduates and former students of the University of Nebraska residing in Chicago was held at the Victoria hotel, where a Chicago association was formed.

Professor Caldwell received a card from Walter Hunting's father last Thursday in which Mr. Hunting says that he has word by cablegram from General Otis that Walter is recovering rapidly. This will be pleasant news to Walter Hunting's many friends at the University, who have been anxious to hear of his condition.

The Messrs. Alexander, Paul and Edward Walker of Cedar Bluffs, Saunders county, have just visited the state museum, bringing with them a contribution in the way of a gigantic thigh bone of a mastodon, the first of its kind contributed as yet. This was found, together with some teeth and other bones, by Mr. J. W. Smith of Cedar Bluffs, and by him donated to the state museum. The teeth and other parts he promises to send later.

The experiment station is about to publish two bulletins that will be of especial interest to the farmers, stockmen and dairymen. These bulletins are sent out free of charge to each newspaper in the state and to each individual actually engaged in farming who may request the same and so far as the means of the station will permit. In bulletin 57 several pages will be devoted to reports on experiments made at various parts of Nebraska with smooth brome grass. Bulletin 58 will be upon "Annual Forage Plants for Summer Pasture."
