

plated with Kansas. Why shall not the Universities of Nebraska and Kansas be the first west of the Mississippi to imitate the example set by Yale and Harvard, and Princeton and University of Pennsylvania in this matter of joint debate?

Kansas has not been idle but has been making active preparations for the debate. Now is the time for us to act. But a little more than ten days remains in which those who enter the preliminary debates may register.

The following quotations from the by-laws of the local organization are self explanatory:

ARTICLE III.

SECTION 1. A series of annual local debates in which any active member of the association may enter shall be held. There shall be not more than eight debaters in any one contest and the best eight debaters shall be selected to meet in a final contest at which the three best debaters shall be chosen to represent the University in the joint debate with Kansas.

SEC. 4. Those who desire to enter the local debates shall register with the secretary-treasurer of the association before six p. m. on the 10th day of October of each year, unless such date falls upon Sunday, in which case the same conditions shall apply to the following Monday.

Owing to the absence from school of Mr. Searson, the secretary-treasurer of the association, the names of those wishing to register for the preliminary debates may be given to the president of the association until the successor to Mr. Searson is elected.

C. R. WELDEN.

A meeting of the debating association of the University is hereby called for Tuesday, October 2, at 5 p. m., in University chapel. A secretary-treasurer is to be elected to fill the vacancy made by the absence of Mr. Searson. Other business of importance is to be transacted.

C. R. WELDEN,
J. L. SUNDKAN,
Executive Committee.

LOCAL.

Have you Registered yet?

Mr. Crabtree is at Brainard.

Mary Fossler is posting in chem.
