

left. There are some of the strongest players on the medic team the boys ever rubbed up against. Those who saw the game say the boys played their best football.

JUNIORS WARP SENIORS.

Eleven husky seniors bit the dust before the giant juniors on Wednesday. Coach Robinson was referee and Shedd umpire, while Garrett, Jones and several others lined in. The crowd hindered as usual, spoiling several runs. The teams were very evenly matched and for a long time it seemed as if neither would score.

The features of the game were end runs by Bliss, Corey and Shreve; line bucking by Kindler; and general coaching by outsiders. There was considerable wrangling over allowing alleged players on the 'Varsity eleven to line up.

The Juniors will play the winners of the Freshman-Sophomore game. The picture of the winning team will appear in the Annual.

Laboratory Echoes.

Mr. H. A. Senter, a graduate of the Chemical Department of the University, has passed the examination for the degree of Doctor of Philosophy with honor at Heidelberg, Germany. The University is quite proud of her new doctor. Dr. Senter will remain in Germany until June. He will visit several universities and will post himself in technological matters generally. Sugar manufactories will receive his special attention.

The following were elected members of the American Chemical Society, Nov. 5: Active, Miss Mary Fossler; Associate, Fred C. Cooley, Frank S. Culver, Benton Dales, George Heimrod, Eva O'Sullivan, M. E. Hiltner, Helen Langer, H. C. Parmalee and R. W. Thatcher. Nebraska now has a membership of twenty-five in that society—the largest membership of any state west of the Mississippi.
