

obtained a severe drubbing at her hands. Our boys are in splendid form, however, and by Thanksgiving will be able to put up a very fine article of foot-ball. The Omaha game will undoubtedly be a good one this year and a large delegation should go up and cheer the boys on to victory.

Lost the Kansas Game.

SCORE 18 TO 4.

Nebraska kicks off and the ball is returned a short distance. Then a stretch of see-sawing took place and Nebraska owns the ball. Two kicks are blocked by Kansas. Nebraska gets the ball and is forced to punt again. The ball is stopped on our one yard by a jayhawker, and Bean the Indian half-back is pushed over and goal kicked.

After the kick-off the Kansas guards worked the tandem buck for twenty yards and then lost. Thorp kicks but we soon get the ball on downs. Ends get on side for the quarter kick. Wiggins gets the ball and makes our one touch down. Thorp punts out for a try at goal but the ball is not caught. Kansas six, Nebraska, four.

Kansas kicks off and Nebraska takes ball to forty yard line and time is called.

SECOND HALF.

At the kick-off Thorpe carries the ball to our thirty yard line. Nebraska punts. A Kansas man jumps into the air after the ball but is petted a little by Dungan and Pearse falls on the ball. The Laurence man claims he was trying for a fair catch and the official gives Kansas the ball and fifteen yards. Here's where the boys lost heart. Bean now runs sixty yards behind the posts and goal is kicked. Kansas ahead by twelve to four.

After the kick-off, the guards played tandem again for good gains, and then lost ball. Thorp punts. Kansas rushes ball to the seventeen yard line and loses

again. Thorpe punts. Then by plunging they slowly work to another touch down and goal. Score; eighteen to four.

Kansas now does most of her work on end plays but no more points are made.

NOT SO WITH THE MEDICS.

By agreement, the halves at Kansas City were only twenty-five minutes. Nebraska took the south goal and the wind. The Medics kick off, Thorpe runs back a few yards with the ball and then punts. The doctors plung awhile and then give over the ovoid. Wiggins makes fifteen yards on a cross buck but loses the ball. Medics advance ball to our five yard line and then lost. Nebraska punts, and the Medics take the ball at the center. They plunge for a few yards, lose, and Thorpe punts again. Ball goes over the line, Medics put it down, touch-back. After the ball is brought to the twenty-five yard line, Nebraska makes one play and time is called. No score.

SECOND HALF.

Nebraska kicks off and the Medics make a good run back. They lose on end runs and give us the ball. We advance a few yards and punt and the doctors do ditto. Thorpe makes a free catch. Soon after the kick we get the ball again. See-sawing is the order of the day, and we get to the fifteen yard line. Thorpe gives Turner's signal but his (Turner's) opponent is on to what's up and grabs Turner. The official sees the foul and gives us ten yards. Five yards to make. A fumble is made and the ball bounces back to Whipple who carries it over the line. Shedd kicks goal.

There is one-half minute left to play. The Medics make two runs and get a touchdown but fail goal. There was much dissatisfaction over allowing the touch-down as even one line up and run would take much more time than was
