

College of Law Notes.

HUGH B. DALY, REPORTER.

C. Tishue has joined the Greeks.

The Maxwell club is once more a debating organization.

Several law men intend going out to the penitentiary to learn by conversation with the inmates something of the spirit of criminals.

Dr. Green has completed his course of lectures on insanity. This series of lectures will be followed by work on the law of insanity conducted by Dean Reese.

The course offered by Dr. Green was optional. The full attendance at the lectures indicated one of two things, either the law men are thoroughly interested in their work or they greatly appreciate the ability of Dr. Green.

A trip to the asylum, under the direction of Dr. Green, has been planned. The object of the trip is a practical study of the peculiarities of patients suffering from insanity.

The earnest contest now closed in the Maxwell club was fruitful of perfect harmony. Better work is now assured. By far the most profitable meeting of the year was that of last Saturday evening. Messrs Brown and Wallace argued that Speaker Gaffin's bill should be passed. Messrs Stentville and Ridgley urged that it should not. Earnestness characterized the debate.

The pastor of the Havelock congregational church is arranging for a series of lectures by specialists. Prof. H. W. Caldwell will speak before the congregation Sunday, March 7, from the standpoint of a specialist in history.

The next debate between Doane and the U. B. D. C. will be held at Doane, April 16. The question chosen is, "Resolved, that the present system of division of labor retards rather than develops individuality." The Union boys have the negative and have chosen G. F. Warren, F. G. Hawksby, O. W. Meier and R. S. Baker to represent them.

Next Sunday the two associations hold a joint Missionary meeting. Music will be furnished in part by five Chinamen.

The nominating committee made the following report of officers for the year beginning April, 1897. For president, R. W. Thatcher; vice president, H. S. Evans; recording secretary, P. H. Thompson; treasurer, W. J. Hunting; corresponding secretary, C. J. Allen.

GLEE CLUB CONCERT.

The opening concert of the University Y. M. C. A. Glee Club, was a success. The main floor of the chapel was comfortably filled and an appreciative audience listened to one of the best concerts ever given in Lincoln. Considering the recent organization of the club, the unity, harmony and vigor of the singing was surprising and showed energetic work on the part of the members. Miss Chase and Mr. Aller as soloists, Miss Givens as accompanist and Mr. Ireland in the quartette singing aided the Glee Club. The membership of the club is as follows: First tenors, H. C. House, J. F. Stoltz, F. S. Davis; second tenors, R. S. Hunt, W. H. Rhodes, F. L. Burt, C. W. McMichael; Baritones, J. H. Boose, R. A. Campbell, J. H. Sayer, W. J. Lowrie, I. W. Kenagy; basso, W. R. Boose, E. A. Gerrard, W. Y. Thornburg, C. C. Morrison, E. F. Warner.

Of Interest to Geometricians

In about two weeks I shall begin a course of lectures on the subject of Projective Geometry. Those wishing to attend will speak to me or to Dr. Davis. There will be two lectures each week, on Wednesdays and Saturdays at 3 o'clock. The subject is one not depending on other branches of mathematics, so that while the course is intended primarily for graduate students those not so far advanced may readily follow it.

House roll No. 521, by Hyatt of Platte Co. is an act to prevent Greek letter societies from existing in the state university. It is hardly probable that the bill will become a law.
