He passed four years at Heidelberg, where he worked under Winkelmann and Erdmannsdorfer. The thesis for his doctor's degree was "Diplomatic Relations between Cromwell and Charles X, Gustavus of Loveden." The preparation of this work called for frequent visits to England where Dr. Jones made the acquaintance of Dr. Gordian, the distinguished English historian, of Mr. Moeray who is known for his work upon the Cromwellian period. Copies of the thesis were sent to these gentlemen and called forth very kindly acknowledgment. The past year Dr. Jones was a lecturer in history at Swathmore College, Pa. His work here will be upon the Reformation of the Middle Ages and he will also assist Prof. Caldwell in American history.

University students who patronized our Book and Stationery Department in past years know from practical experience that we sell goods at a closer price than any store in Nebraska, if not in the west. New students who are not as yet conversant with the ways and means of Lincoln business methods would do well to examine our goods before buying elsewhere. We carry a full line of Note Books, Composition Books, Pencils, Tablets, Fountain Pens, History Paper, History Covers, Dictionaries, Translations, Artists Materials, Sheet Music and Music Folios and all other matter relating to College Supplies.
