

Athletic Association Meeting.

The Student Athletic Association met in the chapel Saturday morning as per call of W. E. Andreson, president *de facto*. A motion was made to go into a committee of the whole to consider the legality of the recent election. The motion was promptly defeated. The rest of the forenoon was consumed in attempts to correct the minutes of the last meeting. The attempt was successful after three hours had been wasted by points of order and dilatory tactics. The meeting was a victory for the majority inasmuch as the minority was prevented from doing what it had threatened to do, that of declaring the election illegal. Aside from this the eloquence, points of order and ill feeling availed nothing.
