

Fresh-Soph Field Meet.

The Freshman-Sophomore field day contest was held on the University campus last Saturday afternoon. The class of '00 won the class prize and Hill '00 won the individual prize. A cold northerly wind and threatening clouds kept the crowd down to the minimum. A class football game between '98 and '99 preceded the field day contest. The contest was uneventful as no records were broken or even closely approached. The junior-senior football game consisted of two fifteen minute halves. Much class spirit was evinced and the game was a hard fought one throughout. The seniors began the game by gradually shoving the pig skin toward '99's goal line. Steady gains and an end run by Greenbill took the ball within seven yards of '99's goal line. The juniors resented this hasty attempt and the pig skin was started the other way. By the effective work of Strock, Hoagland, Hastie and Wise the ball was soon on '98's twenty yard line. Time was called. Score 0-0.

In the second half '99 proposed to do things up right. Steady gains were followed by end runs of Hoagland. Hastie carried the ball for a slight gain; Strock pushed it through the center for a large gain carrying it within three feet of goal line. The *dignified* members of '98 saw that this would not do and the ball was started on its return. The seniors made rapid gains. Greenbill went around the end for twenty-five yards. Bill ran into a spectator which upset his plans in regard to making a touch down. Hendy carried the ball twenty yards straight down the line at center making a clear gain for the seniors of five inches. Bill McKay shoved his way through center and it began to look like a touch down but he was stopped short. Time was called with the ball on '99's twenty yard line. Score 0-0.
