

the Kansans tried their 'tandem,' generally the first two men were telescoped by our men in the center of the line while the ends went in from the sides and overturned the rear Jay-hawkers. It was a pretty as well as an effective defense. Before it the Sunflowers seemed to fail and falter. They were helpless and only a 'punt' would aid them. In skillfulness we are inclined to favor Nebraska for in our opinion, they displayed more generalship and machine-like action.

On the whole it was a great game. The result is decidedly gratifying to Nebraska because it tells a true story--that of the undoubted superiority of our men over those of Kansas.

Alumni Notes.

W. H. Forsyth '95 writes the HESPERIAN, from Ansley, Nebr., that he is proud of "the boys." By "the boys" he means Shedd's invincibles who downed the Jay Hawk.

John Piper Williams '93, a graduate of the Chicago Medical School in '96, is now practicing in Dr. Dayton's office as an eye and ear specialist.

A. W. Martin '96 was a visitor this week.

At the Maxwell Club meeting last Saturday evening Messrs. Clow and Tucker urged that women should have the right of suffrage. Messrs. Burch and Bates urged the negative. After the debate proper Miss Stull ably discussed the question of woman's qualifications to exercise the right of suffrage.

The juniors are reviewing Elementary Law and Domestic Relations.

The Maxwell Club will debate with the U. B. D. C. Saturday evening. The deficiency law will be discussed. The Maxwell Club will be represented by Miss Stull and Messrs. Lien and Denison. The Union by Simpson, Bollinback and Hager.

The Junior Class will make another effort to organize this morning.

SCRAPS FROM THE SENIOR LAW CLASS.

The class has been holding class meetings once a week for the past month.

The class has selected a committee to decide on the plans and specifications of the digest. The members of the class all seem to be very enthusiastic over the project, and it is highly probable that they will have the best book of its nature that has ever been produced by the University.

The boys are doing well in their moot courts this year. If they keep on all winter, every member of the class will be sentenced to hang before spring.

W. R. Hyatt is the press representative of the senior class.

Each new member that has entered the class lately has been a little larger than the one that just preceded him. If this does not stop there will have to be a meeting of the class called and a committee appointed to draft a new set of by-laws defining qualifications of candidates for membership.
