

### The Senior "Scrap."

The election of officers in the Senior class occurred last Friday. Candidates had been very plenty for the week preceeding. There was the usual amount of "wire pulling." On Thursday night a caucus was held, which resulted in the withdrawal of three of the candidates in favor of the "dark-horse" Mr. O. H. Martin. As soon as this combination was known every body conceded Mr. Martin's election. The campaign was so warm during the fore part of the week that the momentum thus acquired was not soon spent. There were one hundred and twenty-four seniors present. Mr. Martin was elected over Mr. Geo. Burgert by a vote of 70 to 54. Mr. Burgert was elected vice-president. Miss Mabel Cushman, secretary; Mr. J. P. Barrow, treasurer; Mr. O. T. Reedy, historian and Mr. Geo. Kindler, sergeant-at-arms. After the election of officers Mr. Martin introduced some resolutions and moved their adoption. It is claimed that they came originally from a number of prominent alumni of the University living in the city. Just where their object was is not known. From them the public might infer that some class or classes; society or societies; fraternity or fraternities had been or are holding secret meetings for the purpose of stirring up *sedition* in the University circles and exciting opposition to the board of regents and other University authorities. After three speeches had been made favoring the resolutions, an attempt was made to shut out the opposition by moving the previous question. This failed, however, and the debate continued for two hours and a half. The opposition held that there was no call for such resolutions; that it would give the public the idea that such nefarious meetings were being held, which was an absolute falsehood. After a long and vigerous discussion the resolutions were referred to a committee to be "doctored" up. In about ten minutes the committee reported the following resolutions which were adopted unanimously:

"Whereas, Rumor exists that there has been an attempt to create hostility to the authorities on the part of individuals;

Resolved, that we, the members of the class of '98, unhesitatingly condemn any such attempts and declare that such is not the senti-

ment of the class, and

Resolved, That we take this opportunity of expressing our entire loyalty not only to the University, but also to the constituted authorities and of pledging to the latter our cordial support and co-operation."

### Progress of College Settlement.

WORKERS:—The report of Miss Olive Thayer (Supt) of committee on college settlement work shows some satisfactory results.

But there is a possibility for much more efficient work, if a greater number of students were interested and more funds were available. A summary of Miss Thayer's report gives the following:—The social committee has given a social evening every month with one exception. The entertainment committee has given a musical and literary program once each month, and twice resident children of the community have participated. The board provided a special phonographic entertainment, one evening during holidays. Eight students on an average have been present at these programs. The educational committee reports good work in German and English evening class, but many more student workers are needed. The childrens' committee has been doing faithful work under Miss Dinsmore, who meets the primary children three Saturdays in each month, and give them very helpful training. The ladies of Daughters of the Revolution give them lessons in patriotism once each month. The sewing circle under Mrs. Hodgman devotes two hours each peck to training in needle work. The visiting committee has given confort to several needy families, by supplying delicacies and little assistance in cases of sickness. The library committee finds that the 200 volumes are in very poor condition, and do not fill the demand. Miss Edith Henry spent several hours in trying to repair these books which are going to pieces. The residents Mr. Touquet and wife who have charge of the Graham Taylor House on 8th & Y will be glad to cooperate with any itudenti who will assist this cause by personal efforts.

Students if you want your shoes made to order, or if you want your shoes repaired, go to J. H. Pettit, 1438 O st. All work is guaranteed.
