

THE HESPERIAN

an team last year. He will play full back in place of Garret who was injured in the Hastings game. Though he will go into the game with little training, much is expected of him. Elliott played on the Lincoln High school team last year. He is a swift runner and a good tackler. He will be in the game.

Captain Melford expresses himself as well satisfied with the showing of the team, and although the men were short on wind, and some of the men were injured, they showed good team work in last Saturday's game. "We will have a hard game with Ames, but with faithful practice and hard work, I think we can win," he said. Coach Yost speaks encouragingly. "Ames has a strong team, and has the advantage in training. But the boys have trained faithful and hard this week, so by Saturday they will be in fairly good condition. We have the advantage of playing on our own ground and will have the crowd on our side, so we may win by a small score."

This game will surely be the most exciting game that will be played on the campus this year. Every student should be out in his colors and bring his tin horn to help cheer the boys on to victory.

SONGS AND YELLS FOR TOMORROW.

YELL.

Mush and milk and sunflower seed,
That's the stuff on which we feed,
We're the hot stuff of creation,
We're the Nebraska aggregation.

SONG AND YELL.

Mary had a little lamb,
It's fleece was white as snow,
And everywhere that Mary went,
The lamb was sure to go.
Hobble! Gobble! Razzle! Dazzle!
Varsity! Varsity!
Rah! Rah! Rah!

SONG.

Air—Marching Through Georgia.
Once again we're on the turf,
And ready for the fray,
Once again we've come to show,
The farmers how to play,
Once again we formed our line,
We're bound to win the day,
While we go marching to victory.

CHORUS

Hurrah! Hurrah! for the N. S. U.,
Hurrah! Hurrah! for the loyal, brave and true,
Never late, but up to date,
We'll push the pigskin through,
While we go marching to victory.
If you think we're half asleep,
Or altogether tame,
That is where we'll fool you,
For we'll get there just the same,
Every man is wide awake,
And always for the game,
While we go marching to victory.

CHORUS

There, steady, boys, along the line,
Don't let those farmers through,
We'll break their tackles, run their ends,
And buck their center, too,
We'll show the royal muscle of the N. S. U.
While we go marching to victory.

SONG.

Air—My Girl's a Corker,
My girl's too good for you,
She's from the N. S. U.
Goes to all the foot ball games,
Who told you so?

She is so fair and sweet,
And this you must concede,
How in the world d'you find out?
She told me so.

ATHLETIC NOTES.

The Fresh-Soph contest this year promises to be very close and interesting. More men have entered than had at this time last year. New men are reminded of the following conditions:

1. The contest will be held October 22, at 3 p. m.
2. All men who enter must have passed a physical examination.
3. All men shall be registered for regular physical training for the semester in which the contest occurs.
4. All men shall be entered for the events on or before October 15, 6 p. m., in the physical director's office. Class managers see to it that every available man is gotten out to compete for his class.

Classes in gymnastics will begin Monday, October 17, 4 p. m. After next week, forty or fifty examinations will be given each week during the week. Students wishing a choice of hours should call and make their dates with Dr. Hastings before October 15.

B. M. LaSalle was an interested spectator on the athletic field last week. He was one of the most promising athletes of the Freshman class last year. He will begin training again in the second semester.

Doane has written Dr. Hastings to recommend some one to coach her basket ball team. He has chosen R. D. Anderson, whose excellent work as guard last year well fitted him for the place. "Bob" will go down Friday or Saturday.

Mr. W. M. Pryce will have charge of athletic training in Wesleyan three afternoons each week. Since Wesleyan does not play foot ball this year, she will devote all of her energy to track athletics. Nebraska must expect to work harder than ever if she holds the shield. Better all around athletics will be the result. We have the men and this necessary stimulus to practice will make the records. Able assistants in the department give Dr. Hastings more time to devote to athletics. Already he has wrought a wonderful change in university athletics and still he is far from satisfied. Since his connection with the university, he has been indefatigable in his zeal for honest athletics.

There is under consideration the formation of a triangular league in basket ball between Doane, Wesleyan and Nebraska. The plan has been broached to the other two colleges by Dr. Hastings and has been favorably received. They will practice out of doors for two months. This means the immediate beginning of practice for the Varsity team, indoors and out. Nothing toughens and give snap to men like a little judicious out of doors work in bracing weather. The members of last year's team are all back except Hill. Cortelyou, one of Omaha's best men and some promising new men furnish a very valuable reinforcement.

DISSOLUTION OF THE ATHLETIC ASSOCIATION.

The Athletic association met Saturday forenoon and passed resolutions, which dissolved the association, turning the settlement of all debts and accounts into the hands of a board of trustees. But the resolutions provide for five student members of an athletic board to be elected by the students in mass meeting.

Several of the students, thinking the meeting was to have been at 10 a. m. came in late. But a large number were present on time. The treasurer with an assistant collected the usual 50 cent fee of each one who wanted to be a member and gave a membership receipt.

As soon as the resolutions of dissolution passed, Mr. Ed. Henry called the mass meeting to order and Otis Whipple was elected chairman. The five student members for the athletic board were elected as follows: Messrs. Story, Stebbins, Williams, Van Valin and Clark. The board of trustees selected are Messrs. Roscoe Pound, Geo. Shedd, Towne, Whipple and Bischoff.

The resolutions were discussed carefully by Dr. Pound, who urged their adoption, as a protection for the present management. He contended that many invalid claims were made against the association, and one case sustained by a lower court. He believed by dissolution of

THERE ARE NO BETTER SHOES FOR MEN THAN REGENTS' \$3.50. 1636 O STREET.
