EDITOR HESPERIAN:

Dear Sir:—Please receive one years subscription from my brother Henry and credit the same to the account of B. G. Almy. The paper will reach him at Salomon Str. 25 pt., Leipzig, as formilly.

After the Hesperian is read in Leipzig it is sent to Berlin where it is perused by the Nebraska boys there. C. B. Newcomer, J. E. Almy and C. A. Skinner are now attending the University at Berlin.

America may well be proud of her Nebraska sons who are studying abroad, not alone for the excellent work they are doing, but for the high moral standard they maintain as well. Not one of these young men from the University of Nebraska who are attending German Universities, smokes tobacco or drinks beer, and this means a great deal in Germany where water for drinking is hard to be found and the greatest conveniences are provided for smoking.

B. G. Almy is succeeding well with his work at Leipzig. He intends to take a Ph. D. in Philosophy. All three of the men at Berlin have finished their thesis and now only await their examination.

O. WILLIAM MEIER.

Debates.

The Union club will discuss at their next meeting Saturday night, "Resolved, That the advantages of the jury system outweigh its disadvantages."

The Palladian boys will debate the proposition of the Czar of Russia in regard to the disarmament of the great military powers.

The debating association held another interesting meeting Monday afternoon. The question of the selection of judges for the second preliminary was discussed. A long wrangle was entered into. Some desired that the sixteen debaters should take the selection of the judges out of the hands of the executive committee as provided for by the constitution. This was ruled out of order, as being in conflict with the constitution, being in effect an amendment. It was decided that five judges should be selected from the seven provided for by the constitution, which provides that all five or three may be selected.

LOCAL AND PERSONAL.

Dr. Guernsey Jones has recovered and taken charge of his classes again.

Mrs. McCune of Stromsburg is visiting her daughter Miss Eva McCune.

Prof. Fossler was unable to attend his classes Friday on account of sickness.

Miss Contryman of Weeping Water has been visiting with her sister at the University.

Mr. W. T. Strcek has left school and gone to Denver where he expects to secure a position.

Misses Jaynes and Tuckey went to Omaha Saturday to spend Sunday with their parents.

The Y. M. C. A. will open their new parlors tomorrow evening. All young men are invited.

Alpha Theta Chi gave an informal dancing party to a few friends last Saturday evening at Walsh's hall.

Unions are practicing yells for their trip to Wesleyan tomorrow night, where they will visit the Oraphelian society.

Ralph Saxon, of Edgar, and V. P. Sheldon, of Nehawka, visited with the Sigma Chi fraternity Saturday and Sunday.

Ray Elliott, who played quarter back on the foot ball team last season, has left the University to accept a position as a topographer on the Burlington.

Speculation as to the winner of tonight's contest has been the theme of much conversation this week. There are as many favorites as there are contestants.

A. G. Hoagland has been employed as chief draftsman of a surveying party by the B. & M. railway company. He will soon begin his work in the western part of this state.

The girls of the Union Literary society entertained those of the Delian and Palladian societies at a library party last Saturday afternoon at the home of Dean Wilson. Each girl represented a book.

Miss Helena Redford '97, has accepted the position of science teacher in the Wymore high school. She will fill the place lately held by E. D. Banghart. On account of her mother's ill health Miss Redford recently resigned a similar position at Plattsmouth.

Miss Geneva Erisman entertained a few friends at cards Saturday evening at her home. After Miss Alderman and Mr. Benedict had been declared the winners, refreshments were announced. The company were then entertained by instrumental music and at a late hour left for home. Those present were, Misses Butler, Alderman, O'Connell, Cowgill, Shively, Messrs. Perry, Benedict, Roper, Pearson, Funk, and Hewitt.

Mr. E. D. Banghart, of the class of '98, has recently been appointed to the position of science teacher in the Crete schools. Previous to his recent appointment, Mr. Banghart held a similar position at Wymore. Mr. Banghart has made a remarkable record for himself at Wymore, having built up the chemical laboratory from one of comparative insignificance until it is surpassed by few in the high schools of the state. Mr. Banghart is well qualified for his new position and his friends are confident that he will be no less successful.
