

JUNIORS LOSE THE GAME.

The junior and senior classes of the university had their annual struggle on the gridiron Thursday afternoon, which ended in a victory for the seniors with a score of 5 to 0. For a while it seemed that the juniors would gain the victory. During the entire first half the ball only once crossed into the junior's field.

In the second half the tables were turned. The seniors by successive line ponents' territory and twice had the ball within the five-yard line, but losing the ball on downs, were forced back on the field again by punts from the juniors. Near the end of the second half the seniors succeeded in getting a touchdown, but failed to kick the goal, the kick being blocked by the juniors. Andreson made several large gains by end runs, and Liebman carried the ball through the juniors' line, making good gains. It was a typical day for football. The crisp north wind furnished the players with just enough ginger and energy to play lively ball.

At 2:30 o'clock the gridiron was covered with the opposing classes, each coaching their teams and following them up and down the field as they lined up for signals.

The game began with a kick-off by the juniors. The seniors got the ball and by a forty-yard end run by Andreson crossed into the junior territory, but on account of fumbling they lost the ball and were forced back by line rushes from the juniors.

The remainder of the first half was played in senior territory, and when time was called the ball was on the fifteen yard line, the score standing 0 to 0.

The seniors kicked off at the beginning of the second half and got the ball within the junior twenty-yard line. After twice getting the ball inside the junior's five-yard line and being forced back, Liebman succeeded in making a touchdown.

On kicking goal the ball was dropped to the ground and the juniors rushed and blocked the kick. The juniors kicked-off again and when time for the second half was called the ball was near the center of the field.

It was a hard-earned victory for the seniors. They had a stronger line, but lost much through fumbling.

Line-up was as follows:

DEAF MUTES FOOTBALL PLAYERS

The nation's capital claims probably the most remarkable football team in the country. The team's signals are given without the utterance of a word or sound, although they are of the most approved and complex kind. All signalling is done by motions of the hands, arms and head. The team is composed entirely of deaf and dumb mutes, organized at the Government Institute for the Deaf and Dumb, known as Gallaudet College.

The students are especially fond of athletics, and always turn out strong teams in all branches of sports undertaken. The football team is an exceptionally strong eleven this year and would prove very formidable against any college team it might meet outside of the "big four."
