Nothing Can Be Too Neat

Here. It's hard work to keep everything spick and span all the time, but that is what we're here for. Our business has kept on growing because we've been particular that every bottle, ever package, every process of compounding or manufacture, should be clean and neat. Bring your prescriptions to us, if you please. Perhaps it is only when it should be clear in appearance. That sometimes happens when a prescription is not put up just right.

RUSH MEDICAL COLLEGE

IN AFFILIATION WITH THE UNIVERSITY OF CHICAGO

ORGANIZED 1837

The academic year of Rush Medical College is divided into four quarters corresponding with those recognized with the University of Chicago, beginning respectively the first of July, first of October, first of January, and first of April, each continuing for twelve weeks. A recess of one week occurs between the end of each quarter and the beginning of the next following.

The general course of instruction requires four years of study in residence, with a minimum attendance upon three quarters each year. A student may begin his college work upon the first day of any quarter, and may continue in residence for as many successive quarters as he desires. Credit will not be allowed, however, for more than three consecutive quarters. At least forty five months must elapse between the date of a first matriculation and the date of graduation.

For further information address,
