A. boys.

Owing to a delay in binding the junior annual will not be out until the 8th of May. The new features of this annual are many. A large photograph of the chancellor is the first thing to strike the eye. The engravings are better than any that have appeared before. The fraternity pictures and most of the other group pictures are finished in hand tooled borders. There is more serious material, also, which will be appreciated in after years. The issue of the Nebraskan-Hesperian of the 7th of May will contain a review of the book.
