Nothing Can Be Too Neat

Here, it's hard work to keep everything spick and span all the time, but that is what we're here for. Our business has kept on growing because we've been particular that every bottle, every package, every process of compounding or manufacture, should be clean and neat. Bring your prescriptions to us, if you please. Perhaps it is cloudy when it should be clear in appearance. That sometimes happens when a prescription is not put up just right.
