

Announcement Extraordinary

Monday Morning, June 3d, We Started Our Great Removal Sale

We are glad indeed to announce that the new building which is being erected for us at Nos. 1221, 1223, 1225, and 1227 O street, is in a fair way to be completed July 1st, upon which date we hope to be permanently located in our new home. Thousands of people have been looking forward to this important announcement, knowing full well what it would mean to those who are in a position to take advantage of the wonderful bargains which through necessity we must offer.

BY WAY OF EXPLANATION—When we entered upon this season's business we made it a point to carry every line as full and complete as has been our custom regardless of the fact we were aware that the greater our stock the greater our sacrifice would be when we actually began the arduous task of moving. Our motive for so doing was for the purpose of protecting our business, in which we think we acted wisely. It would be difficult to estimate the good which our patrons will realize from the condition of our stock. Think of it! \$75,000 worth of new Spring and Summer Clothing, Hats, and Furnishing Goods for men, boys, and children. Complete in every detail, being thrown on the market just in the very height of the season, at prices such as will perhaps never again be named. We have only to say that anyone who has a present or future need in our line would be making a grievous mistake to pass our door during this sale, no matter how trifling might be the purchase contemplated.

Watch our large Circular and Daily Announcements. Keep in touch with this sale for it is by far the most important mercantile event in Clothing History.

The winners were Kellogg, first, with 294 7-15 points; Mouck, second, 291 2-3, and Carr, third, with 251 9-10. Three medals were awarded, one each of gold, silver and bronze.

Word has been received by Postmaster Bushnell that a sub-station will be established at the university October 1. The station will be in charge of a clerk and will receive and distribute mail issue and pay money orders and conduct the usual business of a sub-station. The attempt to have the station established was made last fall, but has hitherto been unavailing. It will prove a great convenience to the patrons of the old university mail box.

Our first anniversary sale begins on Monday, June 3rd. It's an event of unusual importance to economists—see the special price circulars.—Herpolsheimer Co.

Another meeting of the Debating Association was held Tuesday night for the purpose of settling the contested election. The opposing faction has refused to accept this action as official and say they will not abide by the decision. The contest will probably have to remain over until next year.
