H. E. Grimm, H. P. Barrett and C. W. Myers, are teaching this fall and winter. H. E. Grimm at Roca, and Messrs. Barrett in the near vicinity of that famous town of Roca. Success to them! and may they soon resume their places among us.

H. E. Shotwell and W. F. Bisbee are fast becoming "bloated land holders." That is, they are on homesteads out on the frontier, the one in Custer county, the other up in the North Platte country. We wish them well, of course, in their undertaking, but would like to have seen them in school this year.

At a special meeting of the Union society, on May 30, the following officers were elected for the fall term: president, G. B. Frankforter; vice president, Edith Mockett; secretary, Sophie Myers; assistant secretary, E. J. Churchill; treasurer, R. S. Mockett; critic, C. G. McMillan.

The following are the classes on the O'Shea contest: Palladian—Declaimer, F. E. Shepherd; Orator, Will O. Jones; Debaters, A. G. Warner and H. C. Eddy. Union—Declaimer, Miss Alice Carse; Orator, Miss Sopha Meyers; Debaters, C. G. McMillan and J. R. Foree. The Opera House has been leased for the 11th and we will have a contest.

Hurrah for the committees on the O'Shea contest! Notwithstanding that the fates have been against them, they have succeeded in making arrangements, and the contest will come off Dec. 15, and no fail. But what a novel programme! One orator, one declaimer, and two debaters from each society. The contest will take place in the opera house, provided it can be obtained on that evening.

The Hesperian association met on the 18th ult. by call of the president. The following officers were elected for the ensuing year: president Ed. J. Churchill; vice-president, Miss Mary Campbell; secretary, Frank Manley; treasurer, James Foree; editors-in-chief, C. S. Polk and G. B. Frankforter; locals, W. S. Perrin and R. S. Mockett; associate, C. G. McMillan; literary, Miss Fisher; medical, Mr. Pierce.

The meeting of the sophomore class called by the chancellor, resulted in the effecting of a permanent organization, with the following members as officers; W. E. Hardy president, Mr. Stout vice president, Miss Benedict secretary, Mr. Fulmer, treasurer, and Miss Daley, class historian. After the transaction of some further business pertaining to the class alone they adjourned, subject to the call of the president.

We don't wonder that the medic can afford cigars, candies, gum and etc. since it has become customary with those renting rooms to them, either to turn them out at the end of the first week and call it square, or let them stay till the end of the month even, and then ask no rent if they will but go. When this fails of its object, they are again offered a "five" or "ten" and assured that all will yet be well if they will only "grow scarce."

The Freshman class held their first reception at Miss Aughey's. It was well attended and all entered into the spirit of the occasion, and any one who has ever been a Freshman knows it is hard to find a livelier crowd. After the evenings enjoyment the meeting was called to order by the president, and all necessary business transacted. A vote of thanks was extended to Miss Aughey for the cordial reception. The meeting then adjourned and all went away feeling proud of the Freshman class of 1888.

Whew! What a night was that of Friday Oct. 8! Rain, wind, mud and darkness; darkness, mud, wind and rain. But according to announced principle of the Palladians, that they would not be defeated by either storm or Unions, they met and had one of the best programmes imaginable. A few members of the Union society did themselves credit by joining in the chorus. We would also commend the spirit which prompted a few Palladian girls to weather the storm, for sake of their society to all,—both gentlemen and ladies—who were absent that evening.

A COMMUNICATION.

As one of the students, I wish to voice their general objection to wading in the mud as we must preforce in passing from R street to the building. Now, we don't see why the Faculty cannot fix up these walks so as to be permanently dry. The ash sidewalks, although very pretty, no doubt, are not extravagantly durable, and when in a semi-plastic state, do not conduce to the morality of the preps, and even the patience of those who have endured these walks for 10, these many years. In the name of that part of the suffering students who don't wear rubber boots all the year round, I call for a sidewalk of some durable kind. Asphalt or flagging will be joyfully received.
