Our friend Patterson will leave us soon after the close of school and next year will attend at Hillsdale.

A. G. Warner, '85, arrived the 4th and was very enthusiastically welcomed by his very numerous friends.

Master Willie Wiggins was meandering around last week, looking rather abashed at so much civilization.

Tastes differ so. They even say Dave Forsyth wanted to get the G. B. every night during Commencement week.

The second game between Doane and the University, last Saturday, resulted in favor of the University. Score 25 to 18.

Miss Lizzie Bonnell came back last Wednesday and remained through Commencement week, visiting among her many friends.

H. C. Peterson started for Europe Monday. He will visit relatives in Denmark and perhaps see several other countries before his return.

The cadet band accompanied the Knights of Pythias to Beatrice June 3rd. They tell of a glorious time, and everything they wanted to eat.

We see by the new catalogue that the library will be open from 6 A. M. to 12 M. How is this, Grossie, can you arise from your couch so early in the morning?

The following are the Union officers for the fall term: Pres., S. D. Killen; Vice Pres., Fannie Baker; Sec., Clara Cramp-horn; Ass't Sec., Roscoe Pound; Critic, C. W. Bigelow; Serg'ts at arms, Russell and Scharman.

The cadet band has given two open air concerts at the band stand on Government square, the last one being on June 5th. The boys have received many compliments on their playing, both from individuals and from the press.

Through a mistake of the printer the Philodicean program pronounced the subject of Mr. Spurlock's recitation as the 'Pioneer of Chillon.' He probably thought Chillon was

some place in the backwoods of Michigan.

J. R. Force could not resist the attractions of the final examinations and a week of dissipation, and so came back to the University a little over a week ago. Of course his desire to graduate may have had something to do with his return.

The Preps organized a b. b. nine and with high hopes challenged the Freshies. A game was played the 3rd and if it were not for the fact that the reporter is bribed by Prep gold, we would give the score. Under the circumstances we won't.

The Sophomores spent the evening of the 8th enjoying the hospitality of Miss Ellen Smith. The best of refreshments were served and the whole class report a splendid time. The lady is to be most highly commended for the many treats she affords the students.

The following officers were elected for the Philodicean society, fall term: President; P. F. Clark, Vice President, Miss Edith Russell; Secretary, F. L. Wheeler; Treasurer, Logan Stephens; Attorney, Dell Stratton; Critic, Roy Codding; Marshal, G. W. Gerwig.

When Knight told of catching twenty or thirty fish at the picnic the other day every one thought he was,—well wandering from the path of veracity; but when he inadvertently spoke of carrying them in his coat pocket, the crowd caught on. He caught them in an umbrella.

The Palladians elected their officers with the following result: Pres., C. S. Polk; Vice Pres., Laura Haggard; Sec., H. P. Barrett; Cor. Sec., Edna Bullock; Critic, O. B. Polk; Treas., W. N. Fletcher; Mus. Sec., May Pershing; Serg't at Arms, D. D. Forsyth; Historian, P. S. Heffleman.

We notice that besides those high schools mentioned last year as preparing for the Freshman year of the University, the schools of Grand Island, Kearney and Tekamah are given in the new list. Those which have this year graded up to the Second Preparatory are Fairmont, Gibbon, McCook, Red Cloud and Wilbur.

The annual competitive drills of the University Cadets took place June 14th and 15th. On Monday afternoon gun detachments from Companies A and B competed for a guidon, after which a drill was held to determine the awarding of the gold and the silver individual medals. The artillery judges were Atty Gen. Wm. Leese, J. D. Calhoun, and Maj. W. H. Powell U. S. A. The guidon was awarded to Co. B detachment, first prize individual, Everett Huling, Co. A, second C. Walters. The infantry drill Tuesday morning resulted in the winning of the flag by Co. A, first prize, a gold medal, C. P. Walters, Co. A, second, P. S. Heffleman, Co. B. Capt. Smith, Co. A, received the sword and belt for largest and best equipped company during the year. The percentages given by the judges were higher than last year, thus showing a greater efficiency. The drill all through was a close one, and though Co. A seems to have carried off the majority of the honors, that is no indication that Co. B is deficient in drill. These drills instituted by Lieut. Dudley have been a great success, and will work only for the good of the battalion.
