

Let the snowing snow, snow,
 Let the blowing blower blow;
 All the snowing,
 All the blowing,
 All the drifting,
 All the sifting,
 All the whirling,
 All the twirling,
 Each direction, every way,
 Cannot help us,
 Will not hold us,
 Can't restrain us,
 Or refrain us,
 From accepting,
 Without question,
 Our Thanksgiving holiday.

Ten Commandments for Chem. students:—

1. Thou shalt learn to be neat in all thy ways.
2. Thou shalt keep thy reagents in their proper places.
3. Thou shalt keep thy apparatus clean and handle it with care.
4. Thou shalt learn to be quick and expert; do thy work well, but never let haste interfere with accuracy and good work.
5. Thou shalt not perform an experiment if thou knowest not its object.
6. Thou shalt take thine own observations and not thy neighbor's.
7. Thou shalt cultivate thine eyes and nose in thine observations, and give reasons for thy conclusions and the laws illustrated.
8. Thou shalt always seek the true principle in each experiment;—one ex. worked out by thyself is worth an hundred worked out by thy neighbor.
9. Thou shalt not converse with or disturb thy neighbor.
10. Thou shalt be cautious when thou workest with an explosive substance lest thou art suddenly reminded that thou hast forgotten what was told thee.

DIRECT POINTERS.

Go to R. H. Oakley for coal.
