Prof. Loisetto's
MEMORY

DISCOVERY AND TRAINING METHOD

In spite of adulterated imitations which mislead the theory, and practical results of the Original, in spite of the grossest misrepresentations by envious would-be competitors, and in spite of "base attempts to rob" him of the fruit of his labors, (all of which demonstrate the undoubted superiority and popularity of his teaching), Prof. Loisetto's Art of Never Forgetting is recognized to-day in both Hemispheres as marking an Epoch in Memory Culture. His Prospectus (sent post free) gives opinions of people in all parts of the globe who have actually studied his System by correspondence, showing that his System is used only while being studied, afterwards; that any book can be learned in a few readings, mind-remembering cured, etc. For Prospectus, Terms and Testimonials address
