The amendment divides postmasters in-to four classes, whose salaries shall be adjusted by the Postmaster Gen-eral with the exception of the post-master at New York, whose salary is fixed at \$6,000. On motion of Mr. Ramsey, the provisions of the House bill to pre-

Mr. Freelinghuysen moved a substitute for the amendment, which

Mr. Sherman accepted; dispensing with the requirement for prepayment of postage on public documents; that postage on such documents shall not exceed 25 cents, and be paid by the person receiving the same A long discussion then ensued on the franking privilege.

Mr. Morrill (Me.) declared it a shame to talk about restoring the tranking privilege.

business and having no capital stock.

WASHINGTON, June 16. The House Committee on Pacific railroads has appointed as a sub-committee to collect facts on the subject of the demanded investiga-tion in the Central Paoific railroad affairs, the following members: Sypher, Houghton, Creamer, Mc-Dill, and Neal. It is understood that Houghton and Neal will be expected to prepare the law points and Sypher will look after the facts. A week ago all the members of the Committee expressed themselves disgusted with the manner in which Mr. Luttrell has conducted the affair, and expressed themselves fully that the Central Pacific had made a satisfactory answer. Since then, however, Mr. Luttrell has been urging the plea that the Democrats must sustain him on partisan grounds; and to-day it appeared that the Democratic members of the committee had determined to support him. In fact, they said, with-out reservation to the committee. out reservation to the committee, that they thought an investigation ought to be ordered, no matter whather there were any facts to support the charge or not; but simply because the (alifornia legislature had called for it.
