MIDNIGHT. THE WEST. 4 O'CLOCK P. M. Specially Reported for the Omaha Daily Bee, by the Atlantic and Pacific Telegraph Co.

PARIS, Aug. 1. The Assembly has rejected the proposal to raise the state of siege. A prorogation was voted until November 30th.

LONDON, August 1. The Boston club won a game of baseball yesterday afternoon. They defeated the Athletics by five runs.

BREILIN, August 1. The supreme court has decided that payments by third parties with a view of releasing the condemned bishops are illegal and cannot be accepted.

MADRID, August 1. Special makes the following specifications of complaint against France: Arms bearing the royal initials of Don Carlos have been publicly sold at Bayonne.

A demand for an extradition for Chief Sevels, on account of various criminality, is refused by the French government, and his return into Spain is not prevented. The prefect of the department of the lower Pyrenees, and who permitted the public entry of Carlists into Spain, is still retained in office.

THOUSANDS of armed recruits for the Carlists have crossed the frontier. Finally two cargoes of arms from France have been landed for the Carlists.

PARIS, Aug. 1. In the Assembly yesterday the question of a recess came up for debate. M. Debatte made an important speech against the prorogation of the session, but was really in favor of republic prorogation. He said it was simply intended to conceal the impotency of the Assembly, which although it arrogated and constituted powers, it had none.

He made a powerful appeal for the establishment of a Republic; he would give peace and union to France, and concluding that a state of siege is raised. The speaker was tumultuously applauded by the Left.

During a subsequent debate, the Marquis De Franchini, a Legitimist, declared that he considered it his right duty to do everything in his power to re-establish the monarchy. This caused great excitement, and the Left called for the views of the government on the subject.

General Decaese, Vice President of the ministerial council, said that the government would seek with firmness and impartiality to make its powers respected by all parties. A motion to raise the state of the siege was rejected by a vote of 242 to 396.

A motion to adjourn on the 9th of August until November 30th, was carried. Intimidations are reported by the press that the advent of a German squadron, in Spanish waters, has caused the Spanish government to pronounce in favor of the Carlists. A loan of \$6,000,000 to the Carlists has been commenced.

Frank Galey, white man colored, in the junk business, and Henry Jackson alias Sweet, colored, had a prize fight at a secluded spot in this city. Fourteen rounds were fought, and every time the negro, without striking a blow, picked up his opponent and pitched him headlong. Galey then procured a knife and stabbed the negro three times in the back and breast, but he, although in a dying condition, refused to make complaint.

NEW YORK, August 1. Over two hundred dogs were asphyxiated this morning. Postmaster Merritt says that he can dispose of a thousand a week, and he expects to have the city well rid of them in a year's time.

The Beecher-Tilton scandal is today in statu quo, and new points of interest in connection with the case are developed. It is stated that during Mrs. Tilton's examination before the committee last evening, she gave additional evidence, showing the cause of Mr. Tilton's animosity towards Mr. Beecher. His hatred had become more and more intensified as he saw Beecher increase in popularity and prosperity, while he (Tilton) was gradually growing poorer and losing all caste among his former associates.

It is also stated that the committee yesterday decided to prepare Mrs. Tilton's testimony for publication complete, and it will probably be given to the press to-day. It is understood that Moulton is in the city and the committee are hunting him up.
