MIDNIGHT.

4 O'CLOCK P. M.

Special Report for the Omaha Daily Bee.

By the Atlantic and Pacific Telegraph Co.

LOUISVILLE, Aug. 23.

In response to a call from the governor, four companies of militia under Col. Clark, left this city at nine o'clock to-night for Lancaster.

The Courier-Journal has the following dispatch: STAYFORD, Sunday, Aug. 23.

I am just in from Lancaster; 200 State militia arrived there at 5:30 a. m. and camped on the public square.

The negroes all scattered last night, and the whites are disbanded. All is quiet. A white man named Ward who was in Sellers' house with the negroes, was shot; only one negro killed. There were 18 of them in the house which was burned, and they would have been killed but for the protection of the U. S. troops under cover, whose guns were fired.

A man named Foley of Zabad, belonging to the Zabad party was killed. There is no immediate danger of further trouble. The blacks are greatly demoralized.

Dr. Burdett, Mr. Yeakley and child, who were wounded, are doing well. Citizens have left town for the country, but many will return to-night, or to-morrow. Judge Bradley, of the Circuit Court, got the sheriff to take forty U. S. soldiers to protect the people. This was on Tuesday last, and soldiers arrived at the court house just as the blacks were marching toward it.

The blacks then retired, but for the U. S. action more blood would have been shed. Had the soldiers been permitted to act as conservators of peace under the sheriff, but the damage done would have been done. Why they were withdrawn is not known, but it is said that the commanding officer at Louisville ordered it.

LANCASTER, Aug. 23—9 p. m. Colonel Clarke, commanding the Kentucky militia, sent out some of his men on horses, and they went through fields and routes to hunt up the negroes who were trying to escape. The blacks were all well armed. Colonel Clarke returned with about thirty-five black prisoners at 4 p. m., and it is said that he will return to Louisville to-morrow.

Conflicting rumors prevail as to the number of negroes in arms. It is believed that no further trouble will be had and utmost quietude now prevails. A special dispatch to-day to the Commercial from Lancaster, Ky., dated yesterday, says: We are having a terrible war between the whites and blacks. Fighting has been going on at intervals since Wednesday morning, and the negroes shot a white man named Fred Yeakley. The white took no notice of the killing, and the fighting and firing has been going on since. It is thought two of them were killed this evening. Several wounded whites are set free to an out house near Sellers' for the purpose of burning the blacks out. The whites have the negroes surrounded. The U. S. troops marched into town to quiet the rioting, and were fired on by both parties; the fire was returned and several were injured on both sides.

LATER—Sellers' house has been burned. The Commercial says this trouble is not between the whites and blacks but among the friends of Sellers and Kimerly, both white men, which has been brewing since the election. The first named is Republican and the latter Democrat, and the connection of the blacks in the affair is from their friendship for contesting parties. The citizens held a meeting on Thursday and appointed a committee to wait upon the principals and endeavor to settle their misunderstanding otherwise by arms. Three companies of militia have left here for the scene of trouble.

NEW YORK, August 23. Oliver Johnson in a conversation yesterday, said that Moulton, in his statement, had exaggerated his own share in the affair, and that the real cause of the trouble was not the negroes, but the fact that he had been unfaithful to his duty.

A special to the World from Bear Butte, Dakota, gives the text of Gen. Custer's official report of the Black Hills survey. He describes the topography of the region at some length. When near Bear Butte the expedition was stopped by a range of high impassable hills. The expedition attempted to effect a passage, but in every instance they were led in deep canons, impassable even to horsemen. They followed the Elm creek stream and discovered a gap in the rocky barrier on the northern boundary, through which the expedition passed. They then camped for the last time in the Black Hills region, in delightful pine forests with grass and foliage as green as in May. The interior was like a beautiful park, thousands of acres of pasture behind them, while the plains before them were a dry acid waste. They then marched to Bear Butte. The height of the expedition is excellent. They expected to reach Fort Lincoln on the 31st of August.

The expedition explored the major portion of the interior of the Black Hills. No portion of the United States can offer richer pasturage, purer water, more beautiful scenery, or advantages to the farmer or stock raiser. Building a full of lumber, inexhaustible rains frequent, grain will yield abundantly, especially wheat. Gold, iron and platinum have been found, also in inexhaustible beds of gypsum in some water courses. Every pan full of earth bring out some gold in paying quantities. Deer, elk and bear are plentiful. The expedition had no trouble with the Indians.

BROOKLYN, August 23. The announcement that Rev. Henry Ward Beecher was to preach at the White Mountain House, N. H., caused a large influx of people to hear him. The stages were loaded with visitors from all the hotels and towns in the vicinity, and the audience aggregated about twelve hundred people. A temporary pulpit was erected and the usual services were held. The text was taken from second Timothy, second chapter, and part of the nineteenth verse: "Nevertheless the foundation of God standeth sure, having this seal; the Lord knoweth them that are his." The sermon lasted one hour and fifteen minutes, and was a general one, no allusion whatever was made to the scandal.

MARKETS BY TELEGRAPH.

New York Money Market.

New York, August 22. Money—Abundant at 2 1/2 per cent. Foreign Exchange—Dull and steady at 48 1/2 @ 49.

Gold—Strong, limited business; opened at 109 1/2 declined to 109 1/4; now 109 1/2.

Corn—Steady at 82.

Oats—Nominally unchanged; Western mixed now 52 1/2 @ 53.

Provisions—Generally quiet and unchanged.

Leather—Unchanged.

Wool—Nominally unchanged.

GREEN'S OXYGENATED BITTERS.

The stomach is one of the most delicate organs of the human system; and the indigestible food crowded into it by the requirements of modern society, keep it in a State of Chronic Disorder, which is followed by a host of ailments and ailments for which it is unfortunately liable; however, many of the medicines used for this purpose contain alcohol, which, poured into a diseased stomach produce irritation, causing indigestion and does more injury than good.

OXYGENATED BITTERS Contain no Alcohol.

but are a purely medicinal preparation, which, in cases of DYSPEPSIA, HEADACHE, INDIGESTION, and other like disorders, at once restore the stomach to its Natural Condition of Health.

The OXYGENATED BITTERS have been the most popular remedy for the above complaints for the last twenty years, and still maintain their UNRIVALLED POPULARITY.

Price \$1.00 per bottle.

SOLD EVERYWHERE.

LONDON, Aug. 22.

Dispatches received here to-day, state that Nogsaki, Japan, has been visited by a fearful hurricane, causing great destruction to shipping and other property, and considerable loss of life.

Wm. Howard and Margaret Nye, colored, were instantly killed by being run over by the Niagara express on the Northern Central railroad, going north, at Monkton, about 30 miles from this city this forenoon. They were walking on the track and did not see the sign of the engineer. Their bodies were horribly mutilated.

BALTIMORE, Aug. 22. Moulton's statement has fallen flat, as far as radically affecting current public opinion here. Beecher's friends consider it is merely an exhaustive complement to his first statement; that it does not clear him or Tilton of the blackmailing charges. The investigating committee will not be affected by his verdict the slightest. A member of the committee telegraphed to Beecher last night that Moulton's statement was utterly harmless; we are perfectly satisfied with the case.

BROOKLYN, Aug. 22. Moulton's statement has fallen flat, as far as radically affecting current public opinion here. Beecher's friends consider it is merely an exhaustive complement to his first statement; that it does not clear him or Tilton of the blackmailing charges. The investigating committee will not be affected by his verdict the slightest. A member of the committee telegraphed to Beecher last night that Moulton's statement was utterly harmless; we are perfectly satisfied with the case.

NEW YORK, August 22. The following paragraphs taken from the foreign files received to-day: The Swiss Times published Father Hyacinth's letter on the subject of Geneva, as follows: "Attached from the very depths of my heart to the church in which I was baptized, and for which I wish, but not to overthrow, convinced by experience, now sufficiently lengthened, that the liberal Catholicism of Geneva is liberal in neither politics nor Catholicism in religion, I have the honor to tender my resignation of my functions as cure of this city."

Marany Walwosky, a member of the Council was killed in Bombay by the falling in of the house he was residing in.

Several other persons in the building also lost their lives.

WASHINGTON, August 22. Senator Thurman is still in town, but will remain only a day or two longer. Senator Scott arrived to-day, but returns to his home in Pennsylvania to-morrow. These gentlemen are representative members of the Republican and Democratic parties, and, perhaps, it is but natural that they should have different opinions upon what is known as the third term question. Senator Thurman is strong in his belief that General Grant and his personal friends are working for his re-nomination, and he says that this view is strengthened by the fact that General Grant does not make any statement to the contrary, and thus put a stop to the acrimonious discussion and agitation upon the subject.

Senator Scott, on the other hand, is satisfied that the Grant does not seek the Presidential office for a third term, and that he does not believe the Republican party favors his candidature. He says that that not only was the late Republican Convention at Harrisburg opposed to this third term move, but he does not think there are any number of Republicans who favor it.

Ex-Representative Donley, of Pennsylvania, a member of the Harrisburg Convention, has agreed with Senator Scott that the third term proposition has no strength whatever in that State. As for the chances of Senator Scott's election, he says that he has no doubt that not only was the late Republican Convention at Harrisburg opposed to this third term move, but he does not think there are any number of Republicans who favor it.

PHILADELPHIA, August 22. The afternoon papers here all comment on Senator Scott's statement. The Evening Bulletin says it bears the stamp of consistent truth from beginning to end, and it convicts Henry Tilton charged with a crime which he has not committed. Until Moulton spoke there was no test by which the wrong could be judged between the irreconcilable statements of Tilton and Beecher's statement, and their testimony shows that one or the other of them is a deliberate liar. Moulton, unless he can be proved a more deliberate liar, is a liar.

The evening Star says Mr. Francis D. Moulton has contributed another volume of smoke to the Brooklyn scandal.

LONDON, August 22. Mooreley's gun factory at Nottingham was destroyed by fire. Loss is estimated at \$400,000.

WASHINGTON, August 22. The following telegram was received here this morning and was at once forwarded to President Grant at Long Branch, N. J.: TOPEKA, Kas., Aug. 21.

I have information through Indian agents, and other sources, that the Osage Indians have, at a general conference, declared war against this State. Depravations have already been committed by them on our Southern border, the United States troops heretofore guarding the line, being now in the Indian territory, a great distance from the Osage reservation, exposes the frontier of the State to great danger. With arms we can end our borders; can you furnish me 2,000 carbines and accoutrements, and 100,000 cartridges on account of the State of Kansas? (Signed) THOMAS A. Governor.

LONG BRANCH, Aug. 22. The swimming match between Johnson and Franze for \$2,000 has been postponed till Tuesday next.

LEGAL NOTICE. TAKE NOTICE—That Merick Collins, as Plaintiff, has sued as defendant, in the Probate Court of Douglas County, Nebraska; and that you are required to answer his bill of Particulars, on or before September 7th, 1874.

The object and prayer of said bill of Particulars, is a judgment of said Court against you in favor of said Plaintiff, for the sum of \$175.00 and interest thereon since April 1st, 1874, and costs of suit for goods, wares and merchandise sold and delivered to you by said Plaintiff.

Witness my hand and seal of office, the 7th day of July, 1874, at said Court.

D. L. THOMAS, JUDGE CLERK. Dated July 22nd 1874.
