

We do not desire any contributions whatever of a literary or political character; and we will not undertake to preserve, or return, in any case whatever. Our Staff is sufficiently large to more than supply our limited space in that direction.

REASONS OF WARREN, in full, must be in each and every case accompanied by communication of what nature soever. This is not intended for publication, but for our own satisfaction and as proof of good faith.

OUR CORRESPONDENTS will always be pleased to hear from, on all matters connected with crops, country politics, and on any subject whatever of general interest to the people of our State. Any information connected with the election, and relating to floods, accidents, etc., will be gladly received. All such communications, however, must be brief and concise; and they must, in all cases, be written up to one side of the sheet only.

ALL ABOVE MEMORIALS of candidates for office—whether made by self or friends, and whether as pro or con—communications to the Editor, are (until nominations are made) simply personal, and will be charged as advertisements. All communications should be addressed to E. ROSEWATER, Editor and Publisher, Drawer 271.

NOTICE. On and after October twenty-first, 1872, the circulation of the DAILY BEE is assumed by Mr. Edwin Davis, to whose order all subscriptions not paid at the office will be payable, and by whom all receipts for subscriptions will be acknowledged.

E. ROSEWATER, Publisher.

REPUBLICAN STATE CONVENTION.

A Republican State Convention will be held at the city of Lincoln on Wednesday, the 23d day of Sept. next, 10 o'clock P. M., for the purpose of placing in nomination one candidate for Governor, one candidate for Lieutenant Governor, one candidate for Secretary of State, one candidate for Treasurer, one candidate for Superintendent of Public Instruction, State Prison Inspector and Attorney General, and for the transaction of such other business as may pertain to the State.

DELEGATES FOR COUNTIES.

Table listing delegates for various counties including Adams, Anderson, Boone, Butler, Cass, Chase, Cedar, Colfax, Cuming, Decatur, DeWitt, Dodge, Douglas, Franklin, Fremont, Frontier, Gosper, Grant, Harlan, Hamilton, Howard, Kearney, Keith, Lincoln, Logan, Madison, Nemaha, Nelso, Phelps, Platte, Polk, Pottawattamie, Rawlins, Richardson, Rock, Saline, Saunders, Scott, Sherman, Sioux, Spalding, Starnes, Thayer, Union, Wallace, Webster, York, and York.

The counties are recommended to elect alternate delegates to act in case the delegate elected fails to attend the convention.

By order of the committee, F. M. Johnson, Chairman.

C. H. Gray, Secretary.

ACCORDING to our telegraphic advices from the Indian Territory, active hostilities have commenced, and are now in progress, between the U. S. troops and the Comanches and other hostile Indians that infest that region.

ONE of Postmaster Yost's white-washing apologists very kindly volunteers an explanation in his behalf through Redfield's postal organ, touching the excess of pay drawn by Yost from Uncle Sam.

HOW about that arrangement with Sperry; how about Pattee's branch office; and how about that swindling operation in filching \$75 from a mail contractor?

IT is very kind indeed for this mutual friend to advise the public to abide by bumper Hawley's report, when everybody knows that Hawley was an unmitigated white-washer and scoundrel.

"Corn is a failure in Nebraska. The grasshoppers have taken everything, corn and all vegetables, throughout this State and Kansas. They are now going East by the millions."

SUCH is the tenor of a special dispatch from Omaha to the Chicago Tribune. Now everybody conversant with the facts know that this is a base fabrication.

THERE are at least twenty counties in Nebraska that have entirely escaped the grasshopper scourge, while many other counties were but slightly sufferers.

THE Ohio Constitution. The people of Ohio have, by the rejection of the proposed new Constitution of the State, given very emphatic expression to their determination to leave well enough alone.

THE Mineral Deposits of North-west Nebraska. Every season it becomes more and more apparent that Northwest Nebraska is exceedingly rich in mineral deposits of different kinds.

PARTIES who claim to be well informed about the political movements at the State Capital, report that a new combination has been concocted under the inspiration of Senator Hitchcock.

WE apprehend, however, that this brilliant piece of strategy will prove a complete fizzle when the attempt is made to carry it out.

Judge Crouse is altogether too strongly entrenched in the esteem of the honest Republican masses to be dislodged, even if all the politicians in the State should plot and league against him.

DOES REFUTATION REFUTE?

At a regular meeting of the Nebraska Trades' Assembly, held last evening at Machinists and Blacksmiths' hall, the following preamble and resolutions were adopted: HALL OF TRADES' ASSEMBLY, OMAHA, August 24, 1874.

WHEREAS, A certain article appeared in the evening Bee of this date, purporting to come from "Many Members of the Trades' Assembly," wherein a certain member of the Trades' Assembly is charged with misrepresentation and hypocrisy; therefore, be it Resolved, That we, the Trades assembly, do denounce the sentiments therein contained, and do hereby pronounce them false in every particular.

IN order that our position in this matter may not be misconstrued, we shall make a plain statement, when we are able to back up by unimpeachable evidence. The communication "purporting" to come from many members of the Trades' Assembly was published at the request of a prominent member of the Assembly, who will, in due time, publicly avow the authorship of the article.

Now we are authorized by him to declare that Mr. Carnaby, the President of the Assembly, had personally urged him to publish the fact that Charles E. Parcel was in the Assembly and charging it with wholesale corruption, had through misrepresentation secured a postal appointment at the hands of that party.

Now we are just as anxious as anybody to enlist Workingmen under the Republican standard but we desire to do so upon principle, and not by corrupt barter or hypocrisy.

We believe that the aims and objects of the Trades Assembly are of a higher order than the mere appointment of its members to postal clerkships.

Any paper that pretends to represent honest workingmen and defends and upholds our postal corruptionists, undermines itself and proves conclusively that it cannot be relied on when important principles come into collision with money in the hands of public thieves.

The reported failure of experimental steam canal boating is flatly contradicted by parties who have recently investigated the subject.

"The stean canal boats on the Baxter patent, carrying freight on the Erie Canal, have surpassed the most sanguine anticipations of the advocates of steam-navigation in artificial channels.

EDUCATIONAL.

Session of the Teachers' Normal Institute at Fremont.

FREMONT, August 25. EDITH BEE: Pursuant to call of the State Superintendent of Public Instruction, the Teachers' Normal Institute for the North Platte convened in the High School building at this place August 18th.

The opening was truly auspicious. Forty-seven teachers were in attendance the first day as workers, and the attendance for the past week would average about forty-five.

ORDER OF DAILY EXERCISES. Morning—Botany, conducted by Superintendent McKenzie; regular opening exercises, singing and prayer; Arithmetic, instructor Prof. Nicholson; History, instructor Prof. Nicholson; Physiology, instructor State Superintendent; Language, instructor Chanceller Benton; Vocal Music, instructor Prof. Worley.

Afternoon—Drawing, instructor Miss M. Gilchrist; Spelling and Reading, instructor State Superintendent; Geography, instructor Prof. Nicholson; School Economy, instructor Chanceller Benton; Penmanship, instructor Mrs. H. G. Wolcott; Music, instructor Prof. Worley; Grand discussion on methods presented during the day.

Added to this regular work classes in algebra and geometry for teachers either holding or desiring first grade certificates are formed, and for the past week were in charge of Superintendent Bush, of Douglas county, and Professor Shop, of Bellevue. The Institute is regularly classified and the exercises conducted with this object in view.

To present the best methods of classification, the Chanceller's daily lectures on "School Economy" being full of plain, practical ideas of organization, classification and government, are of themselves worth the time spent here.

Prof. McKenzie delivered an interesting lecture on arithmetic, on Wednesday evening. Friday evening "The Teacher's Work," presented to teachers not merely suggestions and advice as to preparation for the work, but the thoughts pervading the entire discourse seemed to be in perfect accord with the progress now being rapidly and so steadily made in this great work.

Friday the Institute will close with a social and concert. The work of the Institute will close with an examination open to all who desire to apply for first or second grade certificates. Inmates to be granted by the State Superintendent and be good throughout the State for one and two years respectively.
