THE LAND OF GOLD.

An Omaha Party to Start for the Black Hills in a Day or Two.

The order of General Sheridan, prohibiting the exploration of the Black Hills by avaricious gold-seekers, does not seem to have much abated the general excitement. The only effect it has had is to cause the plans of the fortune-hunters to be xecuted more quietly than they would otherwise have been. Already there are many secret parties far on the way to the land which is supposed to abound in gold. Nearly every western city is represented in bands of men who have quietly organized, and fitted themselves out with all the necessaries for such an expedition, and left or are soon to leave for the Black Hills.

Omaha is among the cities that are soon to send out an expedition. Mons. Plan, an adventurous and wealthy Frenchman, formerly a resident of Omaha, recently returned from France, and hearing the reports concerning the Black Hills gold fields, determined to organize an expedition and at once set out for the land of promise. He has formed a company of several Frenchmen, whom he has supplied with all the necessary accourrements-arms, ammunition, axes, shovels, &c., -and in a few days the party will start for their destination in a substantial wagon, built expressly to order by Grebe & Karbach. The headquarters of this party are at 'the French Saloon, "Le Croix Federale," on Thirteenth street.
