WASHINGTON, Oct. 6. The following letter was received to-day at the postoffice department from one of the special agents of the department in Alabama investigating the murder of Ivey, the mail agent, in the woods near Livingston, Ala., September 29: "I have just received a letter issued against nine of the murderers of Thomas Ivey, including the sheriff of this county, and will proceed to make an arrest immediately. The reign of terror existing in this county far exceeds anything of the kind I have ever seen. Armed bodies of men are riding over the country, and no one dares venture to go into the fields to save their crops. The right of speech is denied them and many desire to return to slavery."
