Job Printing for the Trade is a Branch of business thus far undeveloped and neglected in this region of country, and we see no reason, (if newspaper establishments find it advantageous, both in point of style and economy, to procure ready-printed sheets to supply their patrons, in whole or in part,) why newspapers, stationers and other establishments should not find it convenient and profitable to employ the facilities of a Job Printing House fitted up in all particulars, with especial reference to this branch of the business.

Appeals have come to us from all parts of this State and the Territories for assistance in this direction. Some state that their press or rollers are out of order; some, that they have not, and cannot afford to have a good man for the press department; some can do the small work, but have not facilities to do large; some have only a hand press, and cannot compete either in style or price with their more fortunate neighbors; and others complain that the paper they purchase for job work is irregular and unsatisfactory.

We are fully prepared to meet all these objections, and can supply to other job printing, in the highest style of the art, both in the matter of workmanship and novelties in type and cuts, on first-quality of stock, at the lowest rates ever offered. Our present specialties in the line

of Job Printing are :-Greenbacks of all denominations, for advertising purposes, of which we have exclusive control in Nebraska and adjacent territory.

A Tint-block to cover the whole face of a No. 6 Envelope, mortised to insert the card in the corner, by which plan we are enabled to furnish Envelopes in any tint desired, complete, at a trifling advance on price of regular envelope work. A mortised Engraved Plate for

Letter Heads, another for Note Heads, another for our No. 48 Card, all to imitate Lithograph work, which we use, (if requested), at our trade rates. Several Chromatic designs for Cards of different sizes, beautifully printed, of which we will furnish any number of copies required, either blank or with the business card printed, at

It is now hardly more than six

years since the first Grange was es-

National Grange, at St. Louis, in

1874, there were 10,000 Granges re-

present body represents 22,000 sub-

membership of 1,500,000, including

women. The financial status of the

COMPLAINT AND DYSPEPSIA, CURED BY THREE BOTTLES OF ROOT BITTERS, I have been an invalid for over thistoon I have been an invarid for over thirteen years. My complaint was a disease of the liver and dyspepsia. My skin was yellow, the white of my eyes we see the color of saffron: I was sleepy and heavy, with headache and no appetite for food of any kind, I was afflicted as bad as any food of any kind, I was afflicted as bad as any living woman rould be. I took bettle after bottle of patent medicines, and paid over seven hundred dollars to the best physicions without any benefit. I suffered more than I can tell you by letter, but could get no relief until about two months ago I purchased a bottle of your Root Blitters from Louis Smithnight, druggist, 136 Woodland Av., this city. I used this tothe up, and since then have used nearly two more, and they are the only positive, sure cure for liver and dyspepsis complaint I have ever tried; they have cured me completely, and to-day I am as healthy as any person can be. You may use my name, if you see propper, as it may be the means of inducing others to try

thing be the meets of industrial control in your discovery and be cured, for good health is better than gold. Ever your friend, MRS. ELLEN CRAWSHAW, No. 20 Grange St., HAS DONE ME MORE GOOD THAN ALL THE MEDICINE I HAVE TAKEN FOR TEN YEARS. Mrs. Deniel Smith of Concord, N. H., offlicted

with weakness, pain in the lungs, shoulders, beavy pain over the eyes, restless at night, and tired, burty feelings all the time, writes.
