Death of a Noied Mo-phini t. From the Dension (Texas) News.

Jack Lynch, familiarly known as "Deaf Jack," who had been confined to his room for several weeks. died Tuesday evening at 3 o'cl ck, at Mr. Patterson's residence, on West Hkiddy street.

Deat Jack was, in some respects, a remarkable character. In 1864 he was stabbed in the neck in an affray in Colorado, and took morphine to allay his sufferings. It soon developed into a habit, and he continued to increase the dose until finally he could not keep it on his stomach. He then resorted to injecting it under the skin, and before he died he would consume in this way the enormous quantity of fifty-two bottles a month! Of late years he had been very deaf, his limbs were partially paralyzed, and his skin had turned dark.

Deaf Jack had resided in Dension a long time, and nearly every one knew him. He was of a jovial disposition and had a good many friends, especially among the sporting fraternity, who supplied his necessitties.

Hiding His Tracks.

From the Detroit Free Press.

There were vizorous inquiries at the Post Office, ye-terday, for the chief clerk, and when the Captain's face appeared at the window the irquirer asked :

"Has a cross-eyed woman been here asking for letters addressed to

The Captain hadn't seen her. Well, she'll be here this forenoon She's my wife, and she's a little weak in the head. She's got the notion that I get love letters from a woman in Canada, and she'll be here to ask for my mail." "Well ?"

"Well, I don't get any such letters of course, but you musn't give her my mail. She might get one with a draft in, and not know its value. Just say to her that you never knew of my receiving a letter here, and that you have repeatedly heard me say that I had the best wife in town."

"But I don't know you." "Never mind that. In dealing with an insane woman its best to be soft and slick and smooth. Just shake hands with her, praise her small feet, and tell her she ought to be proud of such a husband as I am.

FACTS FOR BUSINESS MEN WHO ADVERTISE TO CONSIDER.

Business men who adveruse will do well to look at the subjoined statement of circulation of THE BER, November 1, 1876. Merchants advertise in newspapers to reach the people. It therefore pays to investiabled to turn out better work at less gate and ascertain the best medium to accomplish that result. The THE BEE is larger than that of any paper in the trans-Missouri country, excepting San Francisco journals One additional fact worthy of note: THE BEE is not merely a local or State paper, but

A NATIONAL J'URNAL Its constantly increasing subscription list embraces persons in nearly every State and Territory in the Union. The great difficulty in establithing newspapers is met in securing the first three thousand subscribers. When that number is once reached, the list rolls up at a rapid rate. Its news becomes more varied and of general interest, and its advocates help to increase its subscription list by thousands as readily as its agents se-

cure hundreds at the beginning. Nebraska is one of the largest States in the Union. Many of its countries are inaccessible to railroads. Yet there is not a county in the State which THE BEE does not reach. As an illustration we will mention a few of the leading counties in the State: Adams county, 28 dailies, 26 weeklies: Cass, 30 dailies, 176 weeklies; Clay, 18 dailies, 43 weeklies; Dodge, 34 dailies, 149 weeklies; Douglas, (outside of Omaha), 20 dailies, 185 weeklies; Fillmore, 19 dailies, 30 weeklies; Gage, 23 dailies, 46 weeklies; Hall, 34 dailies, 8 weeklies; Jefferson, 3 dailies, 34 weeklies; Johnson, 12 dailies, 75 weeklies; Lancaster, 62 dailies, 56 weeklies; Lincoln county, 48 dailies, 25 weeklies; Merrick, 20 dailies, 24 weeklies; Nemaha, 17 dailies, 91 weeklies; Otoe, 25 dailies, 82 weeklies; Pawnee, 3 dailies, 48 weeklies; Platte, 39 dailies, 20 weeklies Richardson, 14 dailies, 97 weeklies; Saline, 29 dailies, 82 weeklies; Sarpy, 15 dailies, 109 weeklies; Saunders, 36 dailies, 136 weeklies; Seward, 24 dailies, 64 weeklies; Thayer, 10 dailies, 68 weeklies; Washington, 35 dailies, 74 weeklies; Webster, 39

The remarkable cures effected by Vegetine have in luced many physicians and of the care whom we know to prescribe and use it in their own families.

In fact, Vegetine is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

THE BEST EVIDDENCE.

The following letter from Rev. E. S. Best, Pastor of M.E., Church, Natick, Mass., will be read with interest by many physicians Also, those suffering grom the same disease as affiirted the son of the Rev. E. S. Best. No body can doubt this testimony, as there is no doubt about the curative powers of VEGETINE:

NATICE, Mass., Jan. 1, 1874.

Mr. H. R. STEVENS: DEAR SIR—We have good reason for regarding your VEGETINE a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered necrosis of his leg, nearly all who saw him thought his recovery impossible. A council of able physicians could give us but the faintest hope of his ever rallying, two of them declating that he was beyond the reach of human remedies, that even amputation could not save him, as he had not vigor enough to survive the operation Just then we commenced giving him VEGETINE and from that time to the presont he has been continuously improving. He has lately resumed his studies, thrown away his crutches and cane and walks about cheerfully and strong.

and cane and walks about cheerfully and strong.
Though there is still some discharge from the opening where the limb was lanced, we have the fullest confidence that in a little while he will be perfectly cured.
He has taken three dozen bottles of VEG-ETINE, but lately uses but little, as he declares thathe is to well to be taking medicine.
Respectfully yours, E. S. EEST.
ALL DISEASES OF THE BLOOD.

If VEGETINE will relieve pain, cleanse, purify and cure such diseases, restoring the patient to perfect health aft r trying different physicians, many remedies, affering for years, is it not conclusive proo, if you can be curedj why is this medic ne performing such great cures? It works in the blood, in the circulating fuld. It can truly be called the GREAT BLOOD PURIFER. The great source of disease originates in the blood: and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

RECOMMEND IT HEARTILY.

And Buyer of Raw Furs 511 and 513 Thirteenth Street Omaha, Nebraska is called to my large and

 ${ t VARIED\,STOCK\,of\,FURS}$ Which is now ready for inspection. The constantly increasing facilities, together with personal superintendency of the manufacturing, warrants a first class stock of goods. All of my furs are made in the best workmanlike manner, manufactured of choice and select skins, and, owing to the advantage of buying raw material from first hands, I can afford to sell greatly below New York prices. Single sets sent to any part of the country, and if not satisfactory can be returned at my expense. All kinds of furs are kept on hand.
