The case of the ten contesting districts of Illinois was re-entered after midnight lest night. Hon. Robert G. Ingersoll presided on the case of the Blaine and Washburne contestants. Tracey, of New York, offered a resolution that the republican convencion at Springfield was a legally-constituted body, possessing all the powers of any state convention, and that in selecting delegates to the national convention it acted in good faith and exercised thorough judgment. The motion was laid on the table.

THE KANSAS CONTESTANTS.

The Kansas contested cases were next in order, contestants appearing from the first and Second districts. Evidence offered by the contestants showed that when the selection of delegates was made delegates were not distributed through the different districts in accordance with the call of the national committee. The First district was taken up, and the contesting Grant delegation declared en-titled to seats. The Second district presented the same state of things, and similar action was taken. The four Grant delegates were thus seated without the removal of any of the sitting delegation. It was then decided that all the sitting delegates should remain all the sitting delegates should remain on the floor, and that the four Grant contestants should cast four votes and the sitting delegates should be entitled to cast the remaining six votes.

A PENNSYLVANIA CASE.

The contest in the Ninth district of Pennsylvania (Lancaster county) was taken up. Abraham Kline and Ed-win G. Martin appeared as contest-ants. They are for Blaine, and the sitting delegates, A. J.
