THURMAN IN THE FIELD.

CHICAGO, June 18, 4 p. m.—The Journal's Washington special says Senator Thurman left for Ohio last night and expressed to his friends the greatest confidence in his chances at Cincinnati. He thinks that his delegation will observe the unit rule and not abandon him as long as there is any hope. Thurman will not go to Cincinnati, but has had his home connected by wire with the headquarters of his managers in Cincinnati.

THE GREAT SALUTE.

The citizens of Washington who had subscribed a considerable sum to first salute over Grant's nomination, decline to have it used for a salute after Grant was defeated.

GEORGE COBBHAM GOES TO CALIFORNIA TO STUMP FOR GARFIELD, NOTWITHSTANDING MANY SAID THAT HE WOULD ASK IN HIS TENT.

ROBERTO AGAIN.

The Journal's New York special says: Horatio Seymour travelled from Elmira to Olean yesterday, on the train bearing the New Jersey delegation, a squad of Tammany, and many other delegates to Cincinnati. In conversation, Seymour said, "I really doubt the expediency of nominating any New York man. It will impair success. There is too much feeling between the hostile factions. I have taken no part in the quarrel, and yet I should, if I could, have been unacceptable to some democrats. I do not doubt that the free policy of the party is to take stronger and new men, who is not in any way mixed up with the New York troubles."

HENRY A. TILDEN WRITES OF THE LONG TALK TO HIS BROTHER SAMUEL AND EX-SENATOR GWYEN, THAT HE IS HEAVILY MIXED UP WITH THE NEW YORK TROUBLES.

The New York Post editorially says: Tilden's letter defining his position for the presidency, has again been placed in his friends' hands in Cincinnati, with the design that they shall use it as a basis for negotiation looking to the unanimous nomination of Tilden. As soon as this result has been secured the letter will be publicly produced.

HEAT AT THURMAN.

CINCINNATI, June 19, 10 p. m.—The most interesting news in Cincinnati last night was the announcement that the supreme court of Indiana has decided that the amendment to the constitution providing that the state election should occur in November has been decided unconstitutional, on the ground that a majority of all the votes cast were not in its favor. This result makes Indiana an October state, nullifies the claim of the Ohio delegates that Thurman should have the nomination, in order to keep the natural republican majority in the only close October state down to the lowest possible limit.

HENDRICKS PLUNGES AHEAD.

The decision has served to concentrate the Hendricks boom, who is his chief manager, has taken from Chicago. His headquarters at the Bureau house was last night the most busy in town. Their claim for the nomination is that no matter what other states are carried by the democrats, no president can be elected

APPROACHING A SETTLEMENT.

BERLIN, June 19.—In the supplementary conference of diplomats today, during the discussion of the question of boundary lines between Bulgaria and Romania, which is one of the unsettled issues connected with the treaty of Berlin, Austria suggested that Rarova should belong to Romania, Bulgaria only receiving sufficient land for the erection of a bridge over the bridge at Silistria, which is situated on the right bank of the Danube, at fifty-seven miles northeast of Shumla. The prospect of an amicable understanding between Central and Northern Albania is said to be increasing.

Coombs went to Denver from here, but soon after moving to Chicago, where he has been doing a rushing business, to hear him tell it. He says he has struck a big bonanza in Colorado mines, being interested in some of the largest ones in the state. This news will be well received by his dear friends in Omaha, his old department from our city. In the course of his conversation with THE BEE MAN he said that while in Chicago he had bought a mortgage on 26th and 19th streets, which he had sold to the Omaha Real Estate Company. FAST TIME.

The Time Table of Our Western Roads Made to Agree With the Eastern.

The managers and general passenger agents of the western railroads terminal in Chicago held a meeting in that city on Tuesday. The proposition to change the arriving time of the passenger trains and the question of the maintenance of passenger rates between Chicago and points in the southwest were matters for the consideration of which the meeting had been especially called.

THE MANAGER'S MEETING.

The proposition to change the time of the arrival in Chicago of trains from the west, was agreed upon without much discussion. The change agreed upon applies only to the through trains from Kansas City and Omaha, which arrive in Chicago in the afternoon. The arriving schedule for the different trains will probably be as follows: Chicago and Northwestern, 2:15 p. m.; Chicago, Burlington and Quincy, 2:15; Chicago, Rock Island and Pacific, 2:30; Chicago and Alton, 2:30; Illinois Central, 2:45. Each line reserves the right, however, to lengthen the time, if necessary, but the arriving hour cannot, under the present understanding, be earlier than 2 o'clock, and the schedule via all roads will be such as will enable through passengers to take the 3:30 Chicago, Milwaukee and St. Paul and not change its arriving schedule without an inconvenience to the Milwaukee travel, and, as the 3:15 trains will be continued as heretofore on all the eastern routes, passengers arriving too late for the fast express will suffer only a brief detention.

Two of the western roads—the Chicago and Northwestern and the Chicago and Alton—announced to the meeting their intention to change time on next Sunday. The Rock Island and the Burlington will probably have their new schedules in readiness by that date, but they could not make any formal announcement at that effect. Trains leaving Council Bluffs and Kansas City at 5 p. m. will arrive in New York the second evening at 10 o'clock.

The Chicago Times, in speaking of this meeting, says: "With the time-changes disposed of the managers next undertook to arrest the demoralization in passenger rates to southwestern points, and to strengthen the covenant which was entered into by all the lines in February last. In this undertaking, however, they were not successful. The proposed rate changes were anything but amiable. The Burlington people were accused of having promised free transportation to a large party of California knights templars from Omaha to Chicago, and also with having agreed to ticket a delegation of Colorado knights templars from Kansas City to Chicago at rates considerably under tariff. It was specified in connection with this charge that the transportation had been arranged for by Mr. Hitchcock, who is now in California, and who, it was further alleged, is acting under orders given direct by Vice President Perkins. Messrs. Potter and Wood, representing the Burlington company in the meeting, pronounced the statement false. Something of a sensation was caused by Mr. Hughton, of the Rock Island, saying that if the charge should be verified, his company would regard as void the agreements recently made with the other two Omaha temples, though the nature of the agreements referred to did not transpire. He also stated that his company, as a member of the Iowa pool, would exact its full proportion of the fall local rates from Omaha to Chicago, and would insist upon that at the peril of the pool itself."
