THE LEGISLATURE SHALL PASS... AND PRESENT... AND EXTEND...

NATIONAL REPUBLICAN TICKET. FOR PRESIDENT: JAMES A. GARNFIELD, of Ohio.

"Victory or death" shrieks the Memphis Appeal. And the general opinion is that it will be much nearer death than victory.

A FAVORABLE exchange attributes the presence of so many strikers in New York to the fact that they smell something dead on Governor's Island.

It has been discovered that the late "Hancock Campaign March" has been most appropriately stolen from one of Beethoven's funeral marches.

The democracy are clamoring for a change. The change most needed is a change of the democratic front on the right of republicanism to vote for whom they please.

Mr. Tilden is supposed to be directing the democratic campaign in New York. Now that Pelton is dead, the venerable cipher will have to find some other scape-goat for his dirty work.

The Globe-Democrat says that Hancock's line is simply a democratic caucus resolution on dress parade, and the only thing certain about it is that it was not written by Jerry Black or any other politician in the possession of good sense.

The Bloomington Argus thinks that in view of the late reports of damages by drought in our state, it is highly important that Nebraska's display at the state fair should disprove all false reports.

There is a general howl in papers taking the Western Associated Press report over its failure to send the report of the democratic ratification meeting held last week in New York.

The two democratic factions in New York don't unite with a cent, and K. Kelly is being most effectually snubbed by the Irving hall branch of the democracy.

GARDNER in Russia are evidently subjected to unpleasant restrictions. It appears that Prince Demidoff, who recently lost some \$300,000 at card playing, has recovered the grand prize.

KANSAS papers are trumpeting abroad the alleged fact that Kansas leads the rest of the union in the per cent of increase of population as shown by the present census.

The reasonable census returns from southern cities and villages give ample ground for the suspicion that there has been a preconcerted scheme among southern political leaders and census takers in order to increase the southern representation in congress.

The people of Atlantic by a vote of 219 to 121 have decided that they do not want water works.

The Presbyterians of Woodbine have sealed proposals until August 6 for the erection of a church.

Robert Carr, of Jones county, is 101 years old, and is reported to be the oldest living man in the state.

A THRIVING TRIO.

Successful and Extensive Farmers of Saline County.

The Town of Friendship Flourishing—Peculiarities of Politics.

Correspondence of The Bee. FRIENDSHIP, July 29.—Saline county now numbers 14,500 and is one of its institutions—a live town of 655 inhabitants, which does one good to visit.

It is a fact that Indiana holds her state election in October has caused both sides to redouble their exertions. The state will be literally covered with speakers from home and abroad.

Government Smith, of Wisconsin, just returned from the Pacific coast, and reports that California, Nevada and Colorado will certainly go republican. As for Oregon, the governor says the democracy have no reason to hope for a shadow of victory in that state.

Referring to the action taken by Gov. Nance in regard to Auditor Leitch's holding of the insurance fee, the Bee says: This is a very serious matter, and we are not at all sanguine of the result of the action.

The attempt to deprive Gov. Nance of his office is a personal quarrel, it is a malicious inspiration of factional prejudice, and is, besides, false in fact. Gov. Nance has no "personal quarrel" with Auditor Leitch.

Gov. Nance has acted, courageously and decisively, under a sense of official duty. And in this course he has not only done the state a service, but he has done the party that elected him to be the people's executive a timely and important service.

Had the governor been left now, the opposition journals would have gotten hold of the "irregularity," a legislative committee would have been appointed to investigate, and a democratic majority in the legislature would not have been able to do anything.

When the above paragraph, which the Republican attempts to distort into an attack on Gov. Nance, was written, the only objection to it was the controversy between Gov. Nance and Auditor Leitch.

There is a round of busy preparation for the coming campaign. The presidential contest of this year is the greatest the country has ever known.

A herd of 625 head of young cattle passed through Woodbine the other day bound for grazing grounds in Missouri county.

The republican congressional convention at the Third Iowa district will assemble at McGregor, on the 15th of August.
