have not been verified, and, on the contrary, the balance of trade has remained in our favor, and gold is coming to the country in large sums The Performances of Dr. Ruth from Europe. The probabilities are that we shall add fully as much to our stock of gold coin by importation, during the first fiscal year, as during the year ended Jane 30, 1880, which amounted to \$77,153,331. Formerly, we were dependent upon many artiles we now manufacture and export largely, which, together with the immense quantities of cotton, breadstuffs, petroleum, tobacco and provisions of all kinds we export, has enabled us to reach the "turning of the lane" and Europe will no longer drai 1 us of our gold.
