The real truth about th s feat was the green and ripe fruits. and every branch and shoot that was exhibited, were actually there, just as much as the seed and the flower potall in the wraps and folds and baske's which formed the covering. We were carefully watching the man's proceedngs, and at that time had acquired As we were not allowed to touch the instruments of the exhibition ofter he particular performance began, the baskets, wraps, etc., could not be disturbed; but with our own eyes we saw the performer draw out the branches, etc., from the folds of the cloths, and noticed him sticking them into the pot ceneath the covering, working away his hands, and, as we thought, very

clumsily. The question may be asked by a oubler of our account of the process, how about a green and a ripe fruit, as well as blossoms, being produced simultaneously, say at a period when there are no such things; that is, when they are out of season? This indeed has been brought forward as a complete answer by those who believe in these jugglers. To answer this is not so d flicuit, however, as it appears. India is a vast continent, and from its southernmost limit on the Indian Ocean, where there is little difference between summer and winter, to its northern boundary on the enowy Handsyas, there is existing every variety of climate at any given time of 3:25 p. m., 5:25 p. m., 6:25 p. m., Four trips on Sunday, leaving Omaha at 9 and 11 the year. AN EXCITING INCIDENT ON THE LE Hentown correspondence Philadelphia Press, September 2. An incident of a thrilling and at the same time singular neture took place last evening on the Lehigh Valley sailroad. The particulars are as folwat The engine Antelope, No. 47, with half a dozen flat cars, one of which was in front of the locometive, was standing on the track at Fuller on, about two miles above this city. this was the construction train and he crew were repairing the down flag out to signal approaching trains and the engineer and fireman were off the engine. The force of the collision was so great that the "pulling-bsr" connecting the engine Antelepe with its tender was snapped in two. The concussion forced the throttle open, and the Antelope, with the flat-car in front, isshed off at a lively speed, the laborers on the track barely escaping with heir lives. The runaway locomotive went faster every moment, and fairly flew along the track, to the consternsion and surprise of the laborers on the line. In a minute the Allentown furnace was reached, and passed the immense establishment of the Allenown Rolling Mill company sped the engine with lightning rapidity. Several men here narrowly escaped being run over. A dispatch was sent down the valley to switch off the runaway and run it aground, but before this could be accomplished, the engine, when near the Allentown depot, overook a coal train, and dashed into it with a frightful force. For a moment the air was filled with flying coal, broken cars, hissing steam, etc., and a scene of indiscribable confusion Of course. away came to a stand-still. This unrivalled Southern Remedy is warranted not to contain a single particle of MERCURY, or any injurious mineral substance, but is

Containing those Southern Roots and Herbe ountries where Liver Disease most prevail. I will cure all Diseases caused by Derangement of the Liver and Howels.

THE SYMPTOMS of Liver Complaint are The SYMPTOMS of Liver Complaint are a bitter or bad taste in the mouth; Pain in the Back, Sides or Joints, oftee mistaken for Rheumatism; Sour Stömach: Loss of Appetite; Bowels atternately costive and lax; Headache; Loss of Memory, with a painful sensation of having fall ed to do something which ought to have been done Debility, Low Sprits, a thick yellow appearance of the skin and Eyes, a dry Cough often mistaken for Consumption.

Sometimes many of these symptoms attend the disease, at others very few; but the Liver, the largest organ in the body, is generally the seat of the disease, and if not regulated in time, great suffering, wretchedness and death will ensue.

I can recommend as an efficacious remedy for disease of the Liver, Heartburn and Dyspepsia, Simmons' Liver Regulator. Lewis G. Wunder, 1625 Master Street, Assistant Post Master, "We have tested its virtues, personally, and know that for Dyspepsia, Billiousness, and Throbbing Headache, it is the best medicine the world ever saw. We have tried forty other remedies before Simmons Liver Regulator, but none of them gave us more than temporary restricts the Regulator, but no the Regulator of the tries Regulator of the college of of; but the Regulator not only reserved, bu cured us."-Editor Telagraph and Messenger MANUPACTURED ONLY BY
